**Re: Petition of Metropolitan Edison Company To Request Approval To
Distribute The Tax Savings Associated With The Tax Cuts and Jobs Act of
2017 For The Period Between January 1, 2018 And June 30, 2018
Docket No. P-2021-3025905**

Dear Secretary Chiavetta:

Enclosed please find the responses of Metropolitan Edison Company to the Bureau of Technical Utility Services data requests of September 8, 2021.

Please contact me at (610) 921-6658 with any questions you may have.

Sincerely,

Tori L. Giesler

Enclosure

c: Marc Hoffer, Bureau of Technical Utility Services (via email at mhoffer@pa.gov)

Bureau of Technical Utility Service – Data Request
Petition of Metropolitan Edison Company To Request Approval To Distribute The Tax Savings
Associated With The Tax Cuts and Jobs Act of 2017 For The Period Between January 1, 2018
And June 30, 2018; Docket No. P-2021-3025905
September 24, 2021

TUS-1:

Is it the position of the Company that excess deferred income taxes should be flowed back to the customers?

Response:

Yes. It is the position of the Company that Excess Accumulated Deferred Income Taxes (“EADIT”) created by the reduction in the federal corporate income tax rate from 35% to 21% under the Tax Cuts and Jobs Act of 2017 (“TCJA”) should be flowed back to customers in a subsequent base rate case. The purpose of this proceeding is to obtain Commission approval to return to customers the balances of the regulatory liability and memorandum account created pursuant to the Commission’s Temporary Rates Order at Docket No. R-2018-3000597 and Order on Reconsideration at that docket to record the reduction in income tax expense resulting from the TCJA’s reduction in the federal corporate tax rate during the period of January 1, 2018 through June 30, 2018.

TUS-2:

Explain the method used or to be used to return excess accumulated deferred income tax (ADIT) to ratepayers as a result of the Tax Cuts and Jobs Act (TCJA) for both protected and unprotect ADIT.

Response:

See the response to Met-Ed TCJA DR TUS-1, above. As explained, it is the Company’s expectation that EADIT will be addressed in the context of a base rate case proceeding.

TUS-3:

Provide a breakdown between (1) ADIT and (2) excess ADIT (broken down by protected and unprotected) and explain how many years remain on the amortization.

Response:

Below are the Generally Accepted Accounting Principles (“GAAP”) balances as of June 30, 2021 excluding ADIT gross-ups and flow through:

ADIT property-related is \$(386.3M) comprised of historical deferreds of \$(565.6M) and EADIT of \$179.3M (Protected \$133.9M and Unprotected \$45.4M).

ADIT non-property-related is \$52.3M comprised of historical deferreds of \$55.6M and EADIT of \$(3.3M) (Deficient).

The amortization period employed by the Company to amortize all property-related EADIT for financial reporting purposes is determined using the Average Rate Assumption Method

Bureau of Technical Utility Service – Data Request
Petition of Metropolitan Edison Company To Request Approval To Distribute The Tax Savings
Associated With The Tax Cuts and Jobs Act of 2017 For The Period Between January 1, 2018
And June 30, 2018; Docket No. P-2021-3025905
September 24, 2021

(“ARAM”), which approximates the remaining service life of the underlying utility assets. The amortization period remaining for non-property-related unprotected EADIT is 6.5 years.

TUS-4:

State the amount of excess ADIT being flowed back to ratepayers in 2018, 2019, 2020 and 2021, indicating precisely how and where this was accomplished.

Response:

Under the TCJA negative surcharge calculated using the method prescribed by the Commission, no EADIT has been or is being flowed back to customers in the stated time periods. Additionally, because the Company did not have a base rate proceeding since 2016 (with rates effective in January 2017), EADIT resulting from TCJA is not being flowed back to customers through base rates. Customers are receiving, under existing base rates, the benefit of EADIT being deducted from rate base and, therefore, treated as a source of zero-cost capital. The amortization of EADIT reduces the EADIT deduction from rate base and effectively replaces zero-cost capital with capital that produces a revenue requirement calculated on the basis of the Company’s pre-tax overall weighted cost of capital.

TUS-5:

Provide a detailed calculation and supporting documentation for the actual TCJA federal income tax difference as indicated in the 1307(e) TCJA Voluntary Surcharge Rider – Reconciliation Statement for 2018, 2019, and 2020.

Response:

See Response Met-Ed TCJA DR TUS-5, Attachment A.

Page 1 provides the breakdown of the TCJA federal income tax difference indicated in the TCJA 1307(e) Reconciliation Statement for 2018, 2019, and 2020 into three components: (1) the prior month actual Federal Income Tax (“FIT”) difference; (2) the reversal of the prior month accrued FIT difference; and (3) the current month accrued FIT difference.

Page 2 provides the calculation of the FIT difference for the period July through December 2018.

Page 3 provides the calculation of the FIT difference for the period January through December 2019.

Page 4 provides the calculation of the FIT difference for the period January through November 2020.

Bureau of Technical Utility Service – Data Request
Petition of Metropolitan Edison Company To Request Approval To Distribute The Tax Savings
Associated With The Tax Cuts and Jobs Act of 2017 For The Period Between January 1, 2018
And June 30, 2018; Docket No. P-2021-3025905
September 24, 2021

TUS-6:

Reference the Company's response to data request TCJA Set I, No. 5 at Docket No. M-2018-2641242. Indicate the effect of the TCJA on each individual account.

Response:

For purposes of consistency, the Company has provided the breakdown of the amounts included in the referenced data request. However, those amounts have been subject to updating since the date of the response based on actual results.
