

Secretary
of Public Utility Commission

Based on e-mail concerning the hearing scheduled for 10/22/21 stating that West Penn can not be held accountable for the \$20,000+ damages they caused, there is no point in the hearing.

I tried calling the numbers I had for various people in the PUC, but no one answered. Please cancel the hearing (C-2021-3026767)

respectfully,
Tom Burns
