Yes. ESG license Docket No. A-2019-3012181 was canceled because of missed renewal due date. The licensing agency didn't maintain communication towards solving the arisen action requests.

- d. **SUMMARY:** If applicable; provide a statement as to the resolution or present status of any actions listed above.

Early 2021, US Energy Solutions started recovering post COVID impact, and while we struggled with shortage in internal staff and re-running the operations, we moved the licensing processes in-house instead of using help of licensing agency named "License Logix", whose actions as discovered later, weren't complying with company's timelines and goals.

We discovered that our PA License is canceled and tried to restore it by renewing it, but were told to re-apply as for a new license. And we initiated the new application at Docket No. A-2021-3028100.
