

**October 7, 2021**

**Reference Complaint C-2021-3027378**

**Petition to Subpoena Witness**

**It is imperative for the court to determine what parties had culpability and therefore complicity as regards to the referenced complaint. The posted parking restrictions cite 3 agencies or corporations engaged in either posting, having to have posted or acted to enforce the restrictions relevant to the postings.**

**As such, the testimony of each party is essential in not only determining their participation for these charges, but needed to Thoroughly litigate such actions and order each to participate in the remedy of their actions.**

**As such I am asking the court to subpoena for testimony representatives from The Reading Police Department, The Reading Parking Authority and UGI Industries as each is a party to the complaint and therefore their input is crucial to a resolution of the complaint.**

**As the complainant, I am requesting that:**

**Mr. Bart Gangster, Reading Parking Authority and Officer Robert Tornielli, be made to dispose to the court. Additionally, any administrative UGI Industries employee familiar with the procedures of parking restrictions.**

**Dominic C Raneri  
Complainant.**
