Good morning,

Please go ahead and process this as a rate complaint per Judge Long's request and Rosemary's approval. For reference, please save this email and attach to the docket in SEC folder.

Thank you,

Shirley

Good morning Rosemary,

You ok with us processing the attached as a rate complaint per Judge Long's suggestion? I felt it best to check with her since this one in my opinion could have gone as amended or rate.

Thank you,

Shirley

Shirley -

Matt looked at the complaint and given the context of what's going on in the formal complaint case, this complaint should be docketed as a rate complaint. Rather than make Mr. Osinski file another form, can you just deem the complaint a rate complaint and add it to the rate docket? That's up to you, of course.

Thank you so much!

Mary

docket C-2021-3026391 vs Aqua
Pa Wastewater

Good afternoon Judge Long,

I hope this finds you well.

The attached new formal complaint was received from Mr. Osinski. Although he mentions the rates and rate increase from the prior rate case, I am not thinking this should be docketed as rate complaint against their new rate case at R-2021-3027386, but rather an amended complaint that we would serve on the company for answer if desired.

Do you agree with this assessment? If you believe we should docket as a rate complaint, we will send him the rate complaint form to fill out and return as I believe any rate complaints filed will still get docketed and assigned to you at this time.

Thank you for your assistance, take care and stay safe!

Shirley

Subject: FW: Hard Filed Formal Complaint Osinski

Hi Shirley,

Forwarding this to you because I'm not sure how to handle it. Mr. Osinski has an existing complaint against Aqua Wastewater that is about his individual bill, while this new one discusses both his individual bill and rates in general. I looked at the Aqua rate case (R-2021-3027386) and it may be too late for a rate complaint, as the prehearing conference has already come and gone, but I couldn't find a specific date in the audit history. Should this be processed as an amended FC? Sent back with blank rate complaint forms? Some other option I'm not seeing?

Thanks for your help,

Ariel

Subject: Hard Filed Formal Complaint Osinski

Good Morning Ariel,

Enclosed is a Formal Complaint that Joyce has given to me to prep from Donald Osinski. Mr. Osinski already has an active complaint against the same company (Aqua Pennsylvania Wastewater Inc) at C-2021-3026391. I believe the enclosed Formal Complaint should be processed as an Amended Formal Complaint, but I ask you 1st before I prep it because the allegation & requested relief differs a bit from the original complaint. Please advise.

Thanks,
Allyson
