Subject: Docket A-2021-3024267 – Lower Makefield Township Wastewater – LaChance and Summers Testimony

---

On September 23, 2021 the Administrative Law Judge Jeffrey A. Watson e-filed the following:

1. Interim Order Granting In Part And Denying In Part, Without Prejudice, The Motion of Aqua Pennsylvania Wastewater, Inc., To Strike Portions Of The Testimony of Barry Summers.
2. Interim Order Granting The Motion of Aqua Pennsylvania Wastewater, Inc., To Strike The Testimony of Peter A. LaChance.
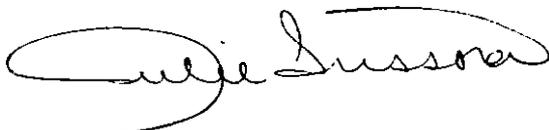

Can you tell me where on the PA PUC document search site for docket A-2021-3024267 I can find the corresponding testimony for each of the above?

With regards to the first item above, the only document I can find is a letter from Barry Summers on September 10, 2021. However, I cannot match the contents of Summer's letter with the paragraphs noted in the ALJ's Interim Order. If that is the correct "testimony" for Summers, can you specify which paragraphs using the numbering scheme in Summers letter correspond to the paragraphs referred to by the ALJ?

With regards to the second item above, I cannot find a corresponding letter or testimony from Peter A. LaChance on the PA PUC document search site.

If the corresponding testimony for either or both (Summers and LaChance) is not on the PA PUC document search site, could you please send me a copy of each testimony?

Regards,
Julie Frissora
