Re: The York Water Company
PUC Request for Wastewater Charter Area
Shrewsbury and Springfield Townships YCPC #118-2014

The County of York states that it:

- It has adopted a county or multi-county comprehensive plan. If yes, please provide a date of adoption:
04/17/2013
- It has not adopted a county or multi-county comprehensive plan.

If applicable:

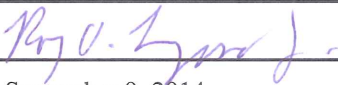

The above-reference project:

- Is consistent with the adopted county or multi-county comprehensive plan.
- Is not consistent with the adopted county or multi-county comprehensive plan.

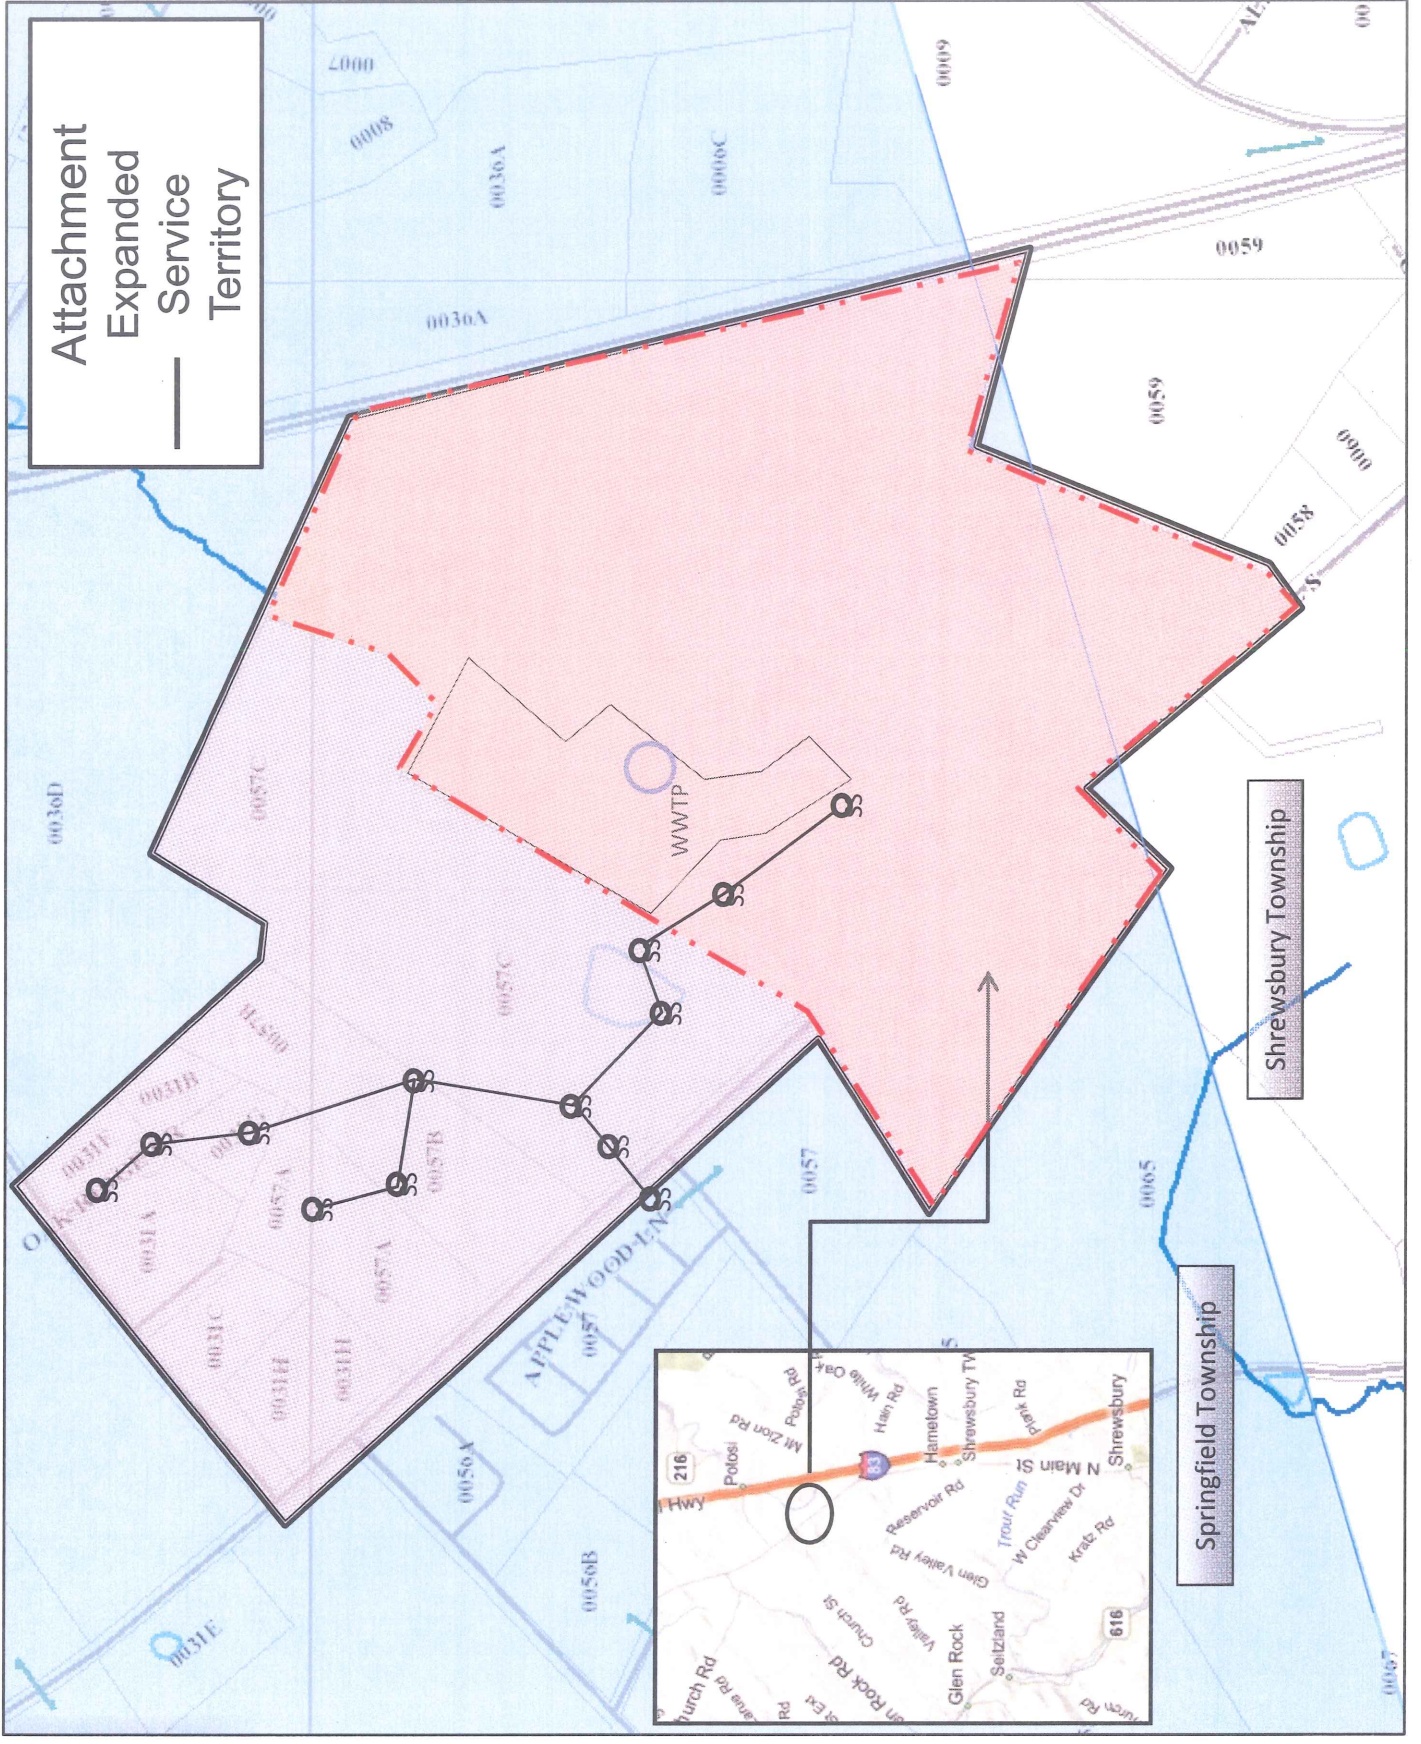

Additional Comments (attach addition sheets if necessary):

The proposed charter area is located within an Established Secondary Growth Area. Consistency determination based on attached Map.

Re: Wastewater Application to Serve a Portion of Springfield Township, York County (Revised Request)

Springfield Township returned the attached planning consistency determination for York Water's application to the Pennsylvania Public Utility Commission (PUC) to establish a wastewater charter area to serve customers in a portion of Springfield Township. York Water had proposed adopting the existing, PUC approved charter area currently served by SYC WWTP, L.P.

During the application process, we discovered an inconsistency with the SYC charter area. Four customers own a collection system, are connected to the SYC WWTP, but located outside the charter area. In order to remedy this inconsistency, York Water will apply to the PUC for an expanded charter territory that includes these customers. If approved by the PUC, York Water will take ownership of the collection system.

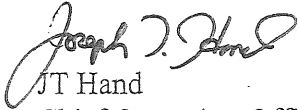

As part of York Water's request to the PUC, we have been asked to receive updated input from the Township to determine if York Water's proposed expanded wastewater charter territory (attached) complies with the Township's land use planning.

Specifically, the PUC requests that the Township reviews the following questions:

1. Are there adopted municipal comprehensive plans for the townships/boroughs involved? YES
 2. Is there an adopted county comprehensive plan? Yes
 3. Is there an adopted multi-municipal or multi-county comprehensive plan? No
 4. Is there an adopted county or municipal zoning ordinance or joint municipal zoning ordinance? Yes
 5. Is the proposed project consistent with these comprehensive plans and/or zoning ordinances? Yes
6. If the answer is "yes" to any of the above questions, please sign below, or submit a letter, indicating that the application is consistent with the applicable comprehensive plans and zoning ordinances. If the application is not consistent with the applicable comprehensive plans and zoning ordinances, please provide an explanation.

If you have any questions, please call me at (717) 718-7554 or email to jth@yorkwater.com.

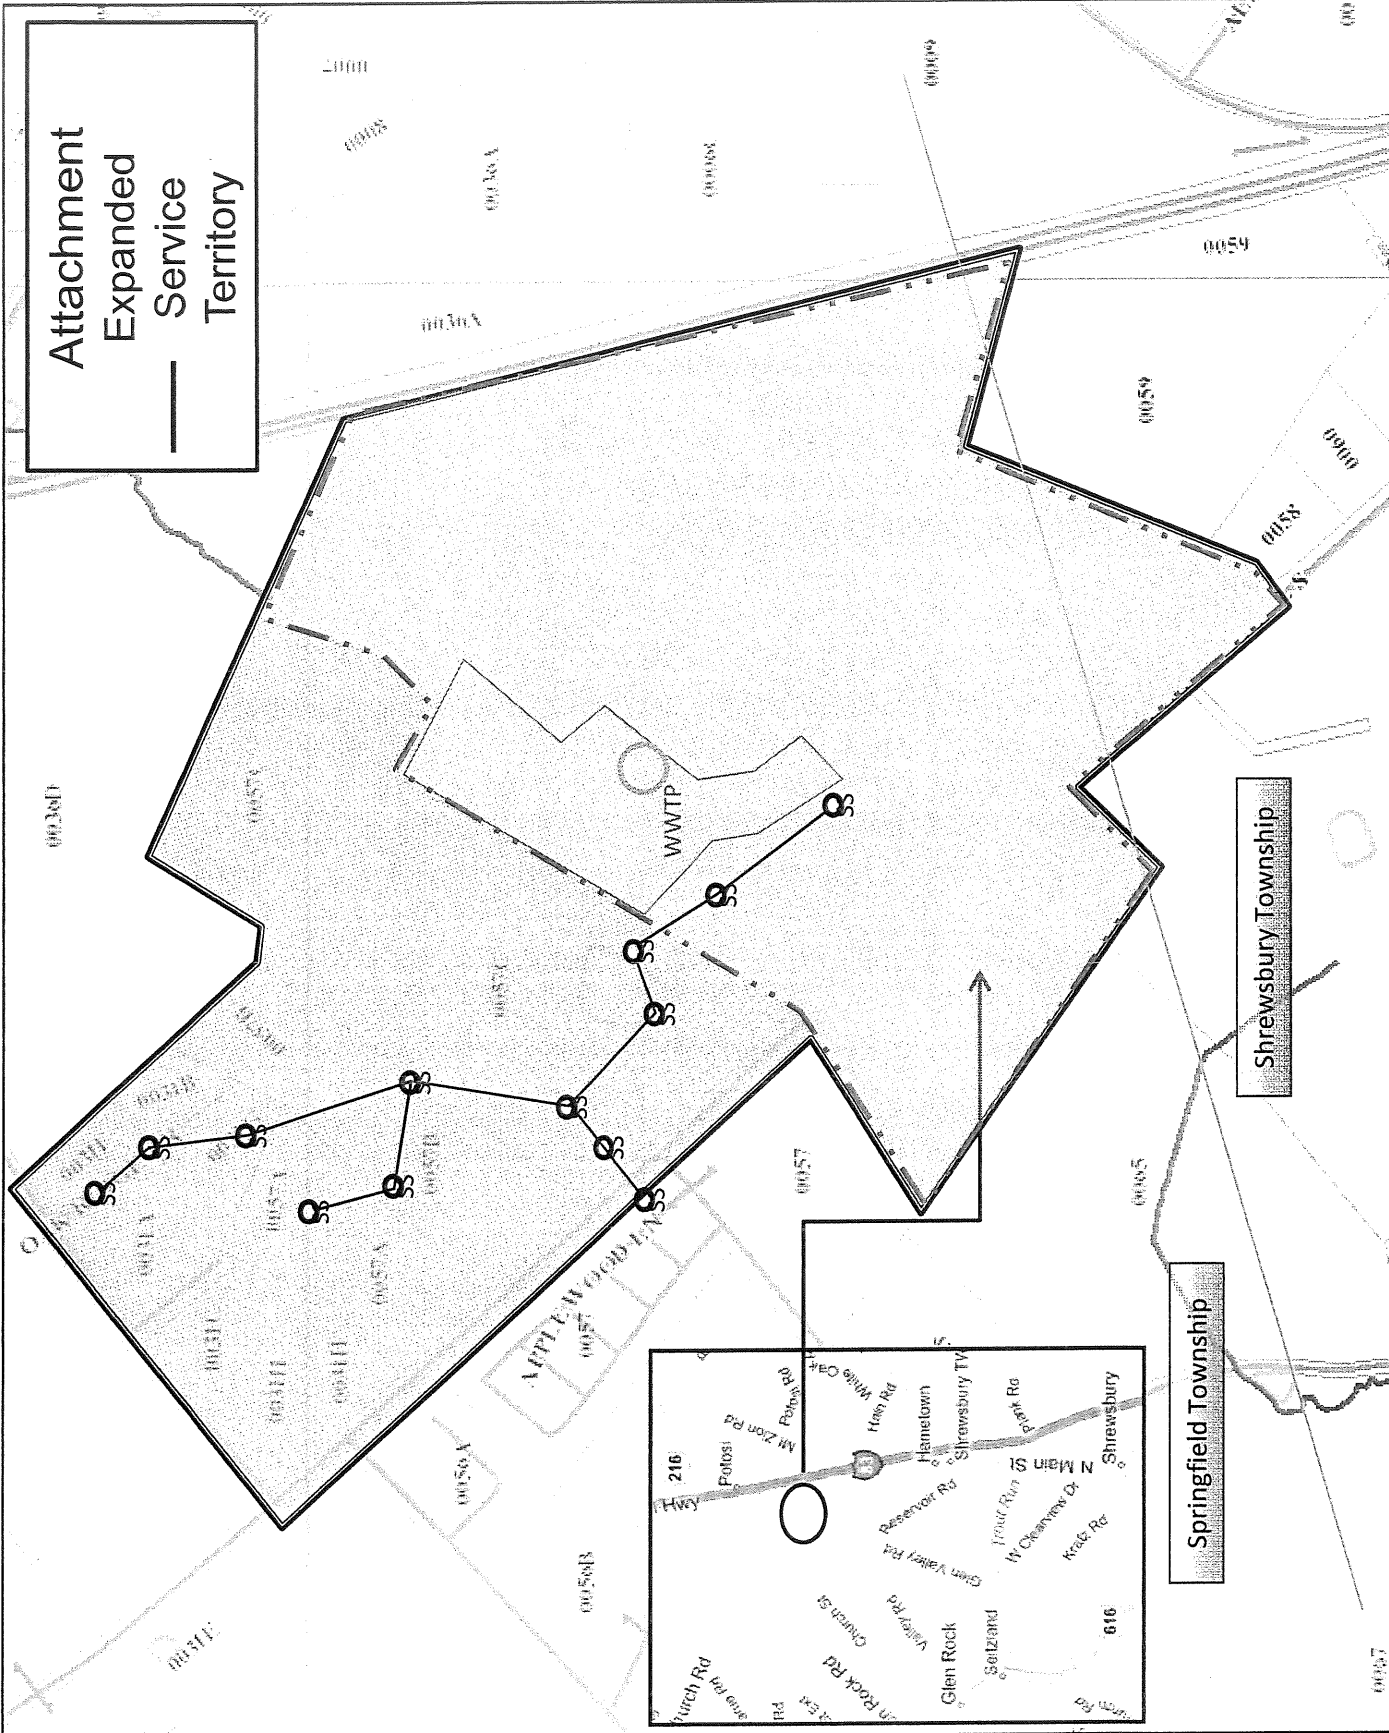

Sincerely,

JT Hand
Chief Operating Officer

We concur that York Water's application is consistent with the applicable comprehensive plans and zoning ordinances.
