Gannett Fleming

*Excellence Delivered **As Promised***

January 6, 2022

Mr. Anton R. Hummer
Controller and Principal Accounting Officer
UGI Utilities, Inc. – Gas Division
1 UGI Drive
Denver, PA 17517

Ladies and Gentlemen:

Pursuant to your request, we have determined the annual depreciation accruals applicable to gas plant at September 30, 2023 for the consolidated UGI gas company. Summaries of the original cost, annual accruals and the book depreciation reserve are presented in Tables 1 through 4 of the attached report.

A description of the methods and procedures upon which the study was based is set forth in a companion report, UGI Gas Exhibit C (Future), "Depreciation Study - Calculated Annual Depreciation Accruals Related to Gas Plant at September 30, 2022".

Respectfully submitted,

GANNETT FLEMING VALUATION
AND RATE CONSULTANTS, LLC

PART I. INTRODUCTION

**UGI UTILITIES, INC. – GAS DIVISION
DEPRECIATION STUDY**

PART I. INTRODUCTION

SCOPE

This report sets forth the results of the depreciation study for UGI Utilities, Inc. – Gas Division to determine the annual depreciation accrual rates and amounts for ratemaking purposes applicable to the original cost of gas plant at September 30, 2023.

BASIS OF STUDY

Depreciation

The annual depreciation accruals and accrued depreciation were calculated using the straight line method, the remaining life basis, the average service life (ASL) procedure for plant installed prior to 1982 and the equal life group procedure (ELG) for 1982 and subsequent vintages. The calculations were based on the attained ages and estimated service life characteristics for each depreciable group of gas property.

Service Life Estimates

The service life and survivor curve estimates used for the calculation of depreciation at September 30, 2023, are set forth in Table 1 and are based on company data through 2017. The service life estimates are the same estimates as submitted to the Pennsylvania Public Utility Commission (PA PUC) in the most recent service life study report in January 2019 as part of the gas rate filing.

Remaining Life Annual Accruals

For the purpose of calculating remaining life accruals at September 30, 2023, the book reserve for each plant account is allocated among vintages in proportion to the calculated accrued depreciation for the account. Explanations of remaining life accruals and calculated accrued depreciation for the average service life procedure are presented in Exhibit C (Future). The detailed calculations at September 30, 2023, are set forth in Part III of this report.

Amortization of Net Salvage

In accordance with Pennsylvania rate regulation practice, under which experienced costs of negative net salvage are amortized after their occurrence, no adjustments for expected net salvage were made to either the annual depreciation accrual or the calculated accrued depreciation for the individual accounts. The annual provision for recovering negative net salvage is based on the amortization of experienced net salvage over a five-year period.

PART II. RESULTS OF STUDY

PART II. RESULTS OF STUDY

DESCRIPTION OF SUMMARY TABULATIONS

Tables 1 through 4 presented on pages II-3 through II-12 summarize the results of the depreciation study as of September 30, 2023 for the consolidated UGI gas company. Table 1 sets forth, by depreciable group, the estimated survivor curve, original cost, book depreciation reserve at September 30, 2023, future book accruals, and calculated annual accrual amount and rate. Table 2 presents the bringforward of the book reserve to September 30, 2023. Table 3 sets forth the calculation of the depreciation accruals for the twelve months ended September 30, 2023. Table 4 presents the annual amortization of experienced and estimated net salvage based on the period 2019 through 2023.

DETAILED TABULATIONS OF DEPRECIATION CALCULATIONS

Supporting data for the original cost depreciation calculations in account sequence are presented in Part III of this report. The tables indicate the estimated survivor curves used in the calculations and set forth, for each installation year, the original cost, calculated accrued depreciation, allocated book reserve, future book accruals, remaining life, and calculated remaining life accrual.

Detailed tabulations setting forth the experienced and estimated cost of removal and salvage amounts by year and account are presented in Part IV of this report. The net salvage amounts are carried forward to Table 4 which presents the five-year amortization.
