**Re: Columbia Gas of Pennsylvania, Inc.'s Report on Expenses - Corrected
R-2020-3018835**

Dear Secretary Chiavetta:

Columbia Gas of Pennsylvania, Inc. submitted an updated Report of Annual Safety Spend on February 1, 2022, providing the Company's actual annual expenses in 2021 for (a) cross bore identification, (b) legacy service line enhancement program, and (c) customer-owned field-assembled riser replacement. The February 1, 2022 letter updated the Company's prior report, filed on December 1, 2021, to include November and December 2021 expenses. After filing the February 1, 2022 report, it came to Columbia's attention that the information in (a), (b) and (c) contained errors in that it referenced January through October 2021 (instead of total annual expense). Please accept this CORRECTED report in place of the February 1, 2022 report.

- a. The actual total annual expenses incurred by the Company for cross bore identification: **\$2,618,549**
- b. The actual total annual expenses incurred by the Company for its legacy service line enhancement program: **\$107,122**
- c. The actual total annual expenses incurred by the Company for customer-owned field-assembled riser replacement: **\$3,411,791**
