

To whom it may concern,

Inova Energy, DOCKET NO. A-2021-3025116, was approved December 2, 2021, to supply power under Pike County Light and Power. Inova Energy is now applying to NYISO and not PJM. Under Pike County Light and Power, Inova Energy has to use NYISO and not PJM. Unlike PJM, NYISO requires that suppliers first receive either the PA PUC supplier license or NY PSC Supplier license before they apply to NYISO.

Inova Energy will submit our NYISO license to the PA PUC once we receive it. NYISO Approval may take up to 60 days. I have the email attached from NYISO explaining that they have received our application, are processing it and that it may take up to 60 days for approval.

Thanks,

Eric Brunhammer | President

Eric,

Good afternoon, hope all is well.

Thank you for submitting your application to the NYISO. I know Jennifer had previously spent some time discussing the application process back in 2019 and 2020, glad to see that you are now moving forward to participate in the NYISO wholesale markets. Jennifer will be reviewing your application in entirety and will communicate our findings. Please note that the registration process can take up to 60 days, your application is now in our queue and we will respond as soon as possible.

If you should have any questions, please don't hesitate to contact me. We look forward to getting you in the NYISO market as soon as possible.

Best,
