RE: Letter of Notification of PECO Energy Company for Approval to Construct a Transmission Line of Less than 2 miles in Length, Entirely on an Existing Transmission Right-of-Way, in the City of Philadelphia, to Connect its Upland Substation to the Transmission Grid Docket No. A-2019-3012631 / Utility Code: 110550

Dear Secretary Chiavetta:

On October 24, 2019, the Commission issued an Order approving the above-captioned Letter of Notification related to construction of the 220-20 transmission line on an existing SEPTA and Amtrak railroad corridor such that PECO Energy Company (PECO or the Company) could connect the Upland Substation to the existing transmission grid. The Commission ordered, "That upon completion of the subject project, PECO Energy Company shall submit the final project cost to the Commission." The work is now complete, with an in-service date of May 15, 2021, and PECO hereby submits the required cost information.

By way of background, in PECO's Letter of Notification, filed on August 29, 2019, the Company stated that the total estimated cost for the 220-20 extension was approximately \$7.1 million. Application ¶ 9. The work was completed at a cost of \$6,380,681.

Should you have any questions concerning this matter, please contact me at the address or telephone number provided above.

Respectfully submitted,

A handwritten signature in blue ink that reads "JS Johnson".

Jennedy S. Johnson
