Harrisburg, PA 17120

Docket Number: A-2021-3024681

cc: Administrative Law Judge Steven K. Haas

Ms. Chiavetta,

Please find enclosed a copy of the statement I intended to have entered in to the record for the docket number above during last Wednesday's public input hearing. Unfortunately, due to some kind of technical difficulty, the court clerk did not realize I had logged into the phone system and was ready to testify, so I was not called upon to give this statement to Judge Haas that night.

I appreciate your assistance in entering this into the docket. Please feel free to contact me for anything else related to our statement.

Sincerely,

Doug Eppler

Good evening, my name is Doug Eppler, and I am the spokesperson for York Professional Baseball Club, LLC. We are a York City-based business, and are in favor of the sale of the York City Wastewater Treatment Plant to Pennsylvania American Water Company.

We support the sale because as a city business, we are very concerned about the financial health of our city government. We trust the recommendations of the highly-respected Pennsylvania Economy League that the city sell the Wastewater Treatment Plant as part of a plan to stabilize the city's finances. We also agree with the conclusion that the city would find it extremely difficult to meet the mounting maintenance and investment challenges at the plant.

We are confident that Pennsylvania American Water is an established, experienced, and credible owner and operator and would serve as such for the York City Wastewater Treatment Plant.

Finally, we are confident that the city operated a deliberate, thorough, and fair process in soliciting bids for the sale of the plant, and received legal advice from a reputable and very credible team of experts.

Thank you.
