TO WHOM IT MAY CONCERN,

Reply to Preliminary Objection, Docket# C-2022-3030564. I don't understand a lot of what their reply means on this. I have been informed the only compensation of any kind is I can get them to try and fix this. It must be fixed or I must leave the premises. 6 long years this has been a big problem and I cannot tolerate it any longer. I know that West Penn Power is responsible for this.
