Information on the limits of price variability, or the lack of limits, must appear in a larger type size. The customer also needs to be informed of when and how they will receive notification of price changes. For example, if the customer is not going to be notified of price changes until the new price appears on their bill, the customer should be informed of this. If the customer will be receiving advance notice of price changes, the customer should be told when and how these notices will be provided.*
- *More information about this variable price product, including what this price has been for the past 24 months, can be found at (www.companywebsite.com) or you can call ((XXX) XXX-XXXX). However, please remember that past prices do not indicate present or future prices.*

Electronic Data Interchange and Internet Requirements

Any NGS suppliers and/or broker/marketers that wish to use the Electronic Data Interchange (EDI), in the NGDCs where its available, must meet the EDI certification requirements of the NGDC. Certification is a testing process using the Commission approved Internet protocol. To initiate this process, the NGS is encouraged to contact the NGDC as early as possible after filing an application for a license with the Commission, since certification may require as many as four months to complete and customer service contract dates may not commence prior to certification. NGDC requirements of new suppliers may be found on the respective NGDC home web page. Pennsylvania's industry stakeholder group the Electronic Data Exchange Working Group (EDEWG) develops and maintains the EDI transactions and related business practices, which are found on the Pa. PUC website at http://www.puc.pa.gov/filing_resources/issues_laws_regulations/electronic_data_exchange.aspx. The EDEWG meets telephonically the first Thursday of each month at 2:00pm ET to discuss EDI change control requests and other issues.

To keep current with Pennsylvania EDI practices and policies, a newly licensed NGS may choose to participate in the EDEWG by contacting the following:

Dear George Sarafianos:

We are pleased that United Power Consultants, Inc has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, United Power Consultants, Inc could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. United Power Consultants, Inc has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that United Power Consultants, Inc does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to United Power Consultants, Inc changes in the future, Columbia Gas might deem it appropriate to require United Power Consultants, Inc to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Kylia Davis

George Sarafianos, President
United Power Consultants, Inc

Dear George,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware United Power Consultants, Inc (UPC) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, UPC must furnish acceptable security to each utility where UPC will do business. As such, under its tariff, NFGDC could require UPC to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that UPC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, UPC will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, UPC does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by UPC change in the future, NFGDC reserves the right to require security from UPC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Dear UNITED POWER CONSULTANTS, INC

UNITED POWER CONSULTANTS, INC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that UNITED POWER CONSULTANTS, INC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by UNITED POWER CONSULTANTS, INC or the creditworthiness requirement for PECO's exposure to UNITED POWER CONSULTANTS, INC changes in the future, PECO reserves the right to require UNITED POWER CONSULTANTS, INC to provide a bond or other financial security instrument.

Dear Mr. Sarafianos:

We are pleased that United Power Consultants, Inc has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, and Peoples Gas Company LLC (formerly Peoples TWP) ("the Companies").

Since United Power Consultants, Inc is not currently serving customers on the Peoples systems, we have determined at this time that United Power Consultants, Inc does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to United Power Consultants, Inc provision of services on the Peoples' system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

Sincerely,

Carol Scanlon

RE: Security Requirement Bond for UNITED POWER CONSULTANTS, INC

Dear Todd S. Stewart, Managing Member,

Philadelphia Gas Works (“PGW”) is aware that UNITED POWER CONSULTANTS, INC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, UNITED POWER CONSULTANTS, INC must furnish acceptable security to each utility where UNITED POWER CONSULTANTS, INC will do business. As such, under its tariff, Philadelphia Gas Works could require UNITED POWER CONSULTANTS, INC. to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works’ understanding, that UNITED POWER CONSULTANTS, INC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services UNITED POWER CONSULTANTS, INC . Will never take title to any delivered natural gas. Based upon your representations, Philadelphia Gas Works has determined that, at this time, UNITED POWER CONSULTANTS, INC does not need to post a bond or other form of security to operate in its service territory. If the services provided by UNITED POWER CONSULTANTS, INC should change, Philadelphia Gas Works reserves the right to require security from UNITED POWER CONSULTANTS, INC.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

A handwritten signature in blue ink that reads 'J.C. Zuk'. The signature is written in a cursive, somewhat stylized font.

**RE: United Power Consultants, Inc.
Application to Serve as a Natural Gas Broker**

Dear Mr. Sarafianos,

Based on your assertion that United Power Consultants, Inc. (“United Power”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that United Power will not need to post security with UGIU. This is based on the declaration that United Power will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If United Power wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

Sherry Epler

Dear Mr. Sarafianos:

We understand that United Power Consultants, Inc. has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania including our company's service area.

Because United Power Consultants, Inc. intends to only provide natural gas aggregating, brokering, and consulting services at this time, we have determined that United Power Consultants, Inc. will not be required to post a bond or other form of financial security instrument to provide these services in our service area. However, if the services provided change in the future, we reserve the right to require security from United Power Consultants, Inc. as deemed appropriate.

ITEM 12, NEWSPAPER PUBLICATIONS:

Notice of filing of this Application must be published in newspapers of general circulation covering each county in which the applicant intends to provide service. The newspapers in which proof of publication are required is dependent on the service territories the applicant is proposing to serve.

The chart on Page 17 dictates which newspapers are necessary for each NGDC. For example, an applicant that wants to operate in Peoples – Equitable would need to run ads in both The Erie Times-News and the Pittsburgh Post-Gazette. If the applicant is proposing to serve the entire Commonwealth, please file proof of publication in all seven newspapers.

The only acceptable verification of this requirement is with Notarized Proofs of Publication, which may be requested from each newspaper and must be supplied with this application. Applicants do not need a docket number in their publication. Docket numbers will be issued when all criteria on the item 14 checklist (see below) are satisfied.
