Docket No. P-2022-3030990
Metropolitan Edison Company Petition
Data Request

- TUS -1. Explain how the Company is currently complying with the Internal Revenue Service Private Letter Ruling at No. PLR-101961-21 (PLR) and how the Company had planned to comply with this PLR given its previous contention that excess accumulated deferred income tax (ADIT) should be addressed in the next base rate case.
- TUS - 2. Provide a breakdown between (1) ADIT and (2) excess ADIT (broken down by protected and unprotected). Explain the amortization methodology and how many years remain on the amortization. Provide a detailed explanation, including any workpapers, as to how the monthly amortization of excess ADIT was determined, breaking down the protected and unprotected amounts as well as the net balance of the Excess ADIT beginning from the enactment of the TCJA.
- TUS - 3. Provide the accounting journal entries, including supporting workpapers, showing revaluation of the ADIT balances at December 31, 2017, from the prior rate to 21 percent. This should include any regulatory liabilities that were set up for excess deferred federal income taxes.
- TUS - 4. Provide a detailed explanation, including workpapers, for the calculations provided in Appendix A.
- TUS - 5. Reference page 1 of Appendix A. Provide detailed calculations and supporting documentation, including workpapers, for the calculation of lines 1 and 2 (EADIT and Rate Base Offset).
- TUS - 6. What other filings will the Company need to amend to ensure compliance with the PLR?
- TUS – 7. Why has the Company included a “rate base offset” during periods which it has not flowed back excess ADIT to customers?
- TUS – 8. Provide any responses to the data request responses at Docket No. P-2021-3025905 that may need amended after the Company’s analysis of the PLR.
- TUS – 9. Provide Excel versions of Appendix A of this petition and to any responses provided above.
