**PECO ENERGY COMPANY’S MOTION TO STAY THE PROCEEDINGS**

---

Now come the Respondent, PECO Energy Company (“Respondent” or “PECO Energy”), by its attorney, Khadijah Scott, and moves the Administrative Law Judge (“ALJ”) and the Pennsylvania Public Utility Commission (“Commission”) to stay these proceedings pursuant to 52 Pa. Code §5.103, and in support thereof states:

1. On March 22, 2022, PECO Energy was served with a Formal Complaint filed by Stephanie Micek, hereafter (“Complainant”).
2. In her Complaint, the Complainant states that she has a sensitivity to EMF and the Smart Meter installed at her residence is causing her health problems.
3. In her request for relief, the Complainant states:

*Remove the smart meter and replace it with an analog meter. . . I am told by PECO that I do not have a choice to remove the smart meter that I never approved the installation of and have requested repeatedly that PECO remove!*

4. On April 6, 2022, PECO Energy filed an Answer to the Complainant’s Complaint, arguing that the company is required to install the AMI meter pursuant to Act 129 and there is no legislation permitting the Complainant to “opt out” of meter installation.

5. On October 8, 2020, the Commonwealth Court of Pennsylvania (Court) issued an Opinion in the first of several appeals before it that involve an electric distribution company's (EDC) deployment of smart meter technology pursuant to Act 129 of 2008 (Act 129), codified at 66 Pa. C.S. § 2807(f). In this consolidated opinion, the Court partially affirmed, and partially reversed and remanded, the Commission's March 28, 2019 and May 9, 2019 Orders in *Maria Povacz v. PECO Energy Co.*, C-2015-2475023; *Laura Sunstein Murphy v. PECO Energy Co.*, C-2015-2475726, and *Cynthia Randall and Paul Albrecht v. PECO Energy Co.*, C-2016-2537666. *Povacz, et al. v. Pa. Public Utility Commission*, 492 C.D. 2019 (Slip Op. filed October 8, 2020) (*Povacz*).

On November 4, 2020, the Commission entered an Order in its Smart Meter Procurement and Installation proceeding, Docket No. M-2009-2092655, staying certain formal complaint proceedings presently before the Commission involving challenges to EDC deployment of smart meter technology, pending the outcome of the *Povacz* appeal. In that Order, the Commission directed (pp. 1-2) that: "Furthermore, the Commission directs that this stay shall apply to any new formal complaints filed with the Commission claiming that EDC deployment of smart meter technology is in violation of Section 1501."

6. As the *Smart Meter Procurement and Installation* Order issued a stay until resolution of the *Povacz* appeal and remand to the Commission for further proceedings, and the outcome of the decision will affect the procedural disposition of the Complainant's matter, PECO Energy respectfully requests a continuance of any scheduled hearing and that this matter be held in abeyance until the appellate court rules on the *Povacz* appeal and any Commission remand proceeding is concluded

7. The request to continue and stay the Complainant's AMI health claims pending the outcome or until resolution of the *Povacz* appeal and remand is for good cause. If a hearing on health claims goes forward in this proceeding, PECO Energy (and potentially Ms. Micek) will need to retain and present testimony of scientific and/or medical experts to address those health

claims. If the appellate court then later reconsiders and materially alters the *Povac* ruling, the effort of the parties to prepare for the health-based hearing will have been wasted. A stay until the appellate court issues a final determination in *Povac* will thus conserve administrative and party resources and further the interest of justice.

8. The Commission has already ordered that proceedings such as the instant proceeding shall be stayed.

WHEREFORE, for the reasons set forth above, PECO Energy Company respectfully requests that your Honorable Commission stay this matter until the appellate court issues a final determination in *Povac*.

Respectfully Submitted,

---
