

LOAD SERVING ENTITY COMPLIANCE REQUIREMENT FORM

M-2010-2157431

On an annual basis, EGSs providing retail electric supply service (i.e. take title to electricity) must file with the Commission this Load Serving Entity (LSE) Compliance Requirement Form. EGSs are directed to attach to this form documentation which provides the following:

- Proof of registration as a PJM LSE, or
- Proof of a contractual arrangement with a registered PJM LSE that facilitates the retail electricity services of the EGS.

Examples of sufficient documentation to satisfy this compliance requirement include, but may not be limited to:

- A screen print showing that the EGS is listed as a Party to an effective version of the PJM Reliability Assurance Agreement (RAA), located at Schedule 17 of the RAA.
- Correspondence, such as an e-mail screen print or regular mail scan, from PJM verifying membership as an LSE.
- Documentation of an effective contract between the EGS and another party that serves as the LSE on behalf of the EGS. In such a case, the documentation must also include proof that the party fulfilling the LSE role is indeed registered with the PJM as an LSE

EGSs may mark all or portions of their filing confidential.

EGSs which do not provide retail electric supply service, such as brokers, are not required to file an LSE Compliance Requirement Form.

The EGS provides retail electric supply service and has attached compliance with the LSE requirement hereto.

Dear Mr. Decicco:

On November 14, 1997 PJM Interconnection, L.L.C. completed processing your application for membership and approved South Jersey Energy Company as a member of the PJM Interconnection. This approval has been filed with the Federal Energy Regulatory Commission.

Welcome to PJM.

To support active committee participation PJM provides its members with a variety of resources. The enclosed "Committee Handbook" describes the principle committees active in PJM. To facilitate participation in one or more of the committees, the Handbook contains forms for you to identify your company's designated representative(s) and the representative(s)' associated contact information. There is also a form for you to identify your billing contact person. Active committee participation ensures an understanding of and an input into the important issues facing PJM and its members.

PJM also provides a number of information sources about daily operations. The following is a brief description of three of those sources:

PJM OASIS – The OASIS (oasis.pjm.com) is the system through which transmission service information is made available and transmission reservations are transacted. The PJM OASIS displays the current Market Clearing Price (MCP) for the Mid-Atlantic spot market. The OASIS provides access to a brief guide entitled "Regional Transmission and Energy Scheduling Practices". The Guide describes the transaction protocols used to reserve transmission in the PJM Interconnection.

PJM Internet Site – The PJM Internet site, www.pjm.com, contains continually updated information concerning the PJM Interconnection. The information includes FERC Filings, Emergency Notices, Committee Calendars and Agendas, and historical market information. A Market Clearing Price history is available from the Internet site. MCP values are stored in the history file within 24 hours of the values' occurrences. A copy of the front page of our website is enclosed.

PJM Interconnection L.L.C. Manuals -- The manuals describe all of PJM's operating processes. The manuals also include considerable background information and descriptions of PJM's operating, planning, and accounting protocols. These manuals are available on our Internet site and on the enclosed CD ROM. A new version of the CD ROM will be send to you in the near future which is replacing our current version (which is not enclosed). You will periodically receive new versions of the enclosed CD ROM as revisions are made to the manuals.

The PJM Customer Relations and Training Department is always available to answer questions or provide whatever assistance you may require of the PJM Interconnection, L.L.C. The number for the CR&T Department is 610-666-8980 and its e-mail address is custsvc.pjm.com.

If I can be of assistance, please call me at 610-666-8854. Again, welcome to PJM .

Sincerely,

Albert M. DiCaprio

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
