RE: Letter of Notification of PECO Energy Company, Filed Pursuant to 52 Pa. Code Chapter 57 Subchapter G, for Approval to Replace One Structure in Plymouth Township, Montgomery County, Pennsylvania
Docket No. A-2021-3027998

Dear Secretary Chiavetta:

On October 7, 2021, the Commission issued an Order approving the above-captioned Letter of Notification related to the replacement of one structure in Plymouth Township, Montgomery County, Pennsylvania on PECO Energy Company's (PECO or the Company) 130-35 Transmission Line. The Commission ordered, "That upon completion of the subject project, PECO Energy Company shall submit the final project cost to the Commission." PECO submitted a letter detailing to-date project spend to the Commission on March 15, 2022, noting that final costs for this (and all other LONs) are not finalized until approximately six months after the project is completed. The six-month lag ensures that all costs are fully accounted for and paid in our systems, all invoices from vendors and suppliers have been received, and the project financials are closed out.

By this letter, PECO provides the final cost of the 130-35 LON. The work was completed at a cost of \$596,188.98.

Should you have any questions, please do not hesitate to contact me.

Respectfully submitted,
