Duquesne Light Company
and West Penn Power Company

DOCKETED

OCT 15 2001

TO WHOM IT MAY CONCERN:

This is to advise you that no timely filed exceptions and no requests for review from the Commissioners have been received within the specified time period to the decision issued in the subject case.

Therefore the decision of the Administrative Law Judge is final without further Commission action.

A copy of the final order has been enclosed for your records.

Very truly yours

v.

C-00967749

Duquesne Light Company and
West Penn Power Company

F I N A L O R D E R

DOCKETED

OCT 15 2001

In accordance with the provisions of Section 332(h) of the Public Utility Code, 66 Pa. C.S. §332(h), the decision of Administrative Law Judge James D. Porterfield dated July 26, 2001, has become final without further Commission action; THEREFORE,

IT IS ORDERED:

1. That the formal complaint by the Township of Springdale against Duquesne Light Company and West Penn Power Company, at Docket No. C-00967749, is sustained to the extent consistent with this Order and is otherwise denied and dismissed.

2. That within 90 days after the date on which the order of the Commission becomes final, Duquesne Light Company and West Penn Power Company, individually or jointly, must petition the Commission to transfer those electric utility customers, in or near the Village of Harwick, Springdale Township, who are situated in the service territory of West Penn Power Company but who are presently served by Duquesne Light Company, as their electric distribution company, to West Penn Power Company.

3. The petition(s) of Duquesne Light Company and West Penn Power Company must include detailed plans for the orderly transfer of the involved customers within a reasonable time to maximize economies and minimize any outages to the customers.

4. That the detailed plans of Duquesne Light Company and West Penn Power Company must include the names and addresses of the involved customers.

5. That the detailed plans of Duquesne Light Company must include a list of its distribution facilities used to serve the involved customers, along with a summary showing the book investment in the facilities, exclusive of contributions, determined by using the original cost, the original cost minus depreciation, the present-day cost, and the present-day cost minus the depreciation.

6. That the purchase price to West Penn Power Company of the involved distribution facilities will be the book investment of Duquesne Light Company in the facilities, exclusive of contributions, determined by using the original cost, the original cost minus depreciation, the present-day cost, and the present-day cost minus the depreciation.

7. That the formal complaint proceeding captioned *Township of Springdale v. Duquesne Light Company and West Penn Power Company*, Docket No. C-00967749, is terminated and the record marked "closed."

BY THE COMMISSION,

James J. McNulty
Secretary

Re: Township of Springdale v. Duquesne Light and
West Penn Power Company; Docket No. C-00967749

Dear Secretary McNulty:

Please find an original and three (3) copies of a Joint Petition on behalf of Duquesne Light Company and West Penn Power Company. The Joint Petition is filed as directed in the Commission's Order entered October 9, 2001 at the above-captioned docket.

Because the orderly transfer of certain customers, as directed in the Commission's Order, is scheduled to begin April 1, 2002, West Penn Power Company requests expedited consideration by the Commission of the Joint Petition.

A copy of the Joint Petition has been served upon the Springdale Township Solicitor, as shown on the attached Certificate of Service.

This filing is made by Federal Express and is deemed filed today, February 7, 2002.

Please do not hesitate to call me at 724-838-6210 or Duquesne Light Company's attorney, Joelle Blaho-Sinclair, at 412-393-1541 if you have questions about this filing.

Very truly yours,

John L. Munsch
Attorney

**JOINT PETITION OF DUQUENSE LIGHT COMPANY AND WEST PENN
POWER COMPANY UNDER SECTION 1102(a)(2) OF THE PUBLIC UTILITY
CODE FOR APPROVAL TO TRANSFER ELECTRIC UTILITY CUSTOMERS
IN HARWICK VILLAGE, SPRINGDALE TOWNSHIP**

AND NOW, come Joint Petitioners, Duquesne Light Company and West Penn Power Company, and file this Joint Petition for Approval to Transfer Electric Utility Customers in Harwick Village, Springdale Township and aver the following:

1. The names and addresses of Petitioners are West Penn Power Company, 800 Cabin Hill Drive, Greensburg, Pennsylvania, 15601 ("WPPC") and Duquesne Light Company, 411 Seventh Avenue, Pittsburgh, Pennsylvania, 15219 ("DLC").
2. WPPC is a public utility, duly incorporated in Pennsylvania on March 1, 1916. WPPC provides electric distribution service to 23 counties in central and western Pennsylvania.

3. DLC was formed under the laws of Pennsylvania by the consolidation and merger of three constituent companies under an agreement dated November 15, 1912, and new letters patent were issued to DLC on November 25, 1912. On January 20, 1969, DLC accepted the provisions of the Pennsylvania Business Corporation Law for government and regulation of its affairs. Under its Restated Articles, DLC has the corporate right, among others, to transmit, transport, store, distribute or furnish electricity to or for the public.

4. DLC and WPPC have been certified by the Commission to furnish electric utility service in and around Springdale Township.

5. Harwick Village is located within Springdale Township. Harwick Village is located within the service territory of WPPC.

6. Due to the location of DLC's electric distribution facilities, DLC has served certain electric utility in Harwick Village. DLC has been providing electric utility service to these customers, with Commission approval, since 1917. These customers are located within WPPC's chartered service area, but are served by DLC.

7. On February 28, 1996, Springdale Township filed a complaint with the Pennsylvania Public Utility Commission ("Commission") seeking an order for the transfer of electric customers in Harwick Village from DLC to WPPC.

8. Administrative Law Judge James D. Porterfield entered an Initial Decision dated July 26, 2001 ordering the transfer of the electric utility customers in Harwick Village and related facilities from DLC to WPPC. The decision ordered DLC and WPPC, jointly or individually, to petition the Commission to transfer the electric utility customers involved in this matter.

9. No exceptions were filed to the Initial Decision, and a Final Order was entered October 9, 2001. The Final Order also directed DLC and WPPC to petition the Commission to transfer the customers, and to include in such petition plans for the orderly transfer of the involved customers.

10. The electric service accounts of 274 customers currently served by DLC will be transferred to WPPC. All of the customers are located in Harwick Village in which WPPC has charter rights to furnish service. The list of affected customers is contained in Exhibits A-II. The customer list is broken down to reflect what customer will be affected by the phase of work undertaken by WPPC.

11. The customers transferred will be rendered electric service in accordance with the applicable rate schedules and rules and regulations for electric service of WPPC presently in force and as hereinafter amended or revised.

12. No facilities being transferred pursuant to this joint petition are under the jurisdiction of the Federal Energy Regulatory Commission.

13. Jointly, DLC and WPPC have developed a plan for the transition of the electric utility customers in Harwick Village.

14. AP and DLCo intend to commence customer transfer on April 1, 2002. Both companies believe that this is an appropriate time to begin the conversion process. As the process will involve periods of time in which affected customers will be without electric power, the companies wanted to start the process when temperatures would most likely be well above freezing so as to avoid undue hardship to the affected customers.

15. AP and DLCo have devised phases in which to transfer the affected customers from DLCo to the new service provider, AP. Phase 1 will commence April 1,

2002. Phase 1 includes Center and Hamilton. The duration of work associated with this Phase is expected to last eighteen (18) working days. It is anticipated that all work associated with this Phase will be completed by April 24, 2002. The total number of affected customers is forty (40). See Exhibit A for the names and related information of each affected customer.

16. Phase 2 will include Pillow Avenue up to Thompson Run Road. The duration of the work associated with this Phase is expected to last seven (7) working days. It is anticipated that all work associated with this Phase will be completed by May 3, 2002. The total number of affected customers in Phase 2 is nineteen (19). See Exhibit B for the names and related information of each affected customer.

17. Phase 3 will encompass Thompson Run Road. The duration of the work associated with the Phase is expected to last thirteen (13) working days. It is anticipated that all work associated with this Phase will be completed by May 22, 2002. The total number of affected customers in Phase 3 is thirty (30). See Exhibit C for the names and related information of each affected customer.

18. Phase 4 will include Pillow Avenue from Thompson Run Road to Isobel and School Street. The duration of the work associated with this Phase is expected to last twelve (12) working days. It is anticipated that all work associated with Phase 4 will be completed by June 7, 2002. The total number of affected customers in Phase 4 is fourteen (14). See Exhibit D for the names and related information of each customer affected in this Phase.

19. Phase 5 will include Pillow Avenue up to Main Street and including Isobel. The duration of the work associated with this Phase is expected to last eighteen

(18) working days. It is anticipated that all work associated with Phase 5 will be completed by July 3, 2002. The total number of affected customers in Phase 5 is twenty-eight (28). See Exhibit E for the names and related information of each customer affected in this Phase.

20. Phase 6 will encompass Main Street. The duration of the work associated with this Phase is expected to last seventeen (17) working days. It is anticipated that all work associated with Phase 6 will be completed by July 26, 2002. The total number of affected customers in Phase 6 is forty-four (44). See Exhibit F for the names and related information of each customer affected by this Phase.

21. Phase 7 will encompass Spring Street. The duration of the work associated with this Phase is expected to last ten (10) working days. It is anticipated that all work associated with Phase 7 will be completed by August 9, 2002. The total number of customers affected by Phase 7 is seventy-five (75). See Exhibit G for the names and related information of each customer affected by this Phase.

22. Phase 8 will encompass Yutes Run Road. The duration of the work associated with this Phase is expected to last fifteen (15) working days. It is anticipated that all work associated with Phase 8 will be completed by August 30, 2002. The total number of customers affected by Phase 8 is twenty-four (24). See Exhibit H for the names and related information of each customer affected by this Phase.

23. DLC facilities used for the distribution of electric service and located within Harwick Village will be transferred to WPPC, through a bill of sale, at the time WPPC commences work to transfer the affected electric customers. A list of the DLC property being sold to WPPC is attached and marked as Exhibit I.

24. Pursuant to the Initial Decision of ALJ Porterfield and the Final Order of the Commission, and after discussions between the Joint Petitioners, the price WPPC will pay to purchase the associated distribution facilities and to discharge its duty to serve customers in its service territory is \$149,744.00.

25. WPPC anticipates attending township meetings for the Township of Springdale to communicate the plan for the transfer of customers from DLC to WPPC and detail the dates and duration of anticipated outages in order to complete the transfer.

26. WPPC will send each affected customer a letter, postage prepaid, detailing the date of any anticipated outage that customer may experience during the transition from DLC services to WPPC services.

WHEREFORE, Joint Petitioners, Duquesne Light Company and West Penn Power Company, respectfully request that the Pennsylvania Public Utility Commission find and determine that the transfer of customers from Duquesne Light Company to West Penn Power Company, as hereinabove set forth, is necessary or proper for the service, accommodation, convenience or safety of the public and that the Pennsylvania Public Utility Commission issue a Certificate of Public Convenience evidencing approval of the transfer.
