

To whom it may concern,

Inova Energy, DOCKET NO. A-2021-3025116, was approved December 2, 2021, to supply power under Pike County Light and Power. Inova Energy is now applying to NYISO and not PJM. Under Pike County Light and Power, Inova Energy has to use NYISO and not PJM. Unlike PJM, NYISO requires that suppliers first receive either the PA PUC supplier license or NY PSC Supplier license before they apply to NYISO.

Inova Energy will submit our NYISO license to the PA PUC once we receive it. NYISO has informed us that they are referring our application to legal counsel for approval, I have their email attached.

Inova will update the commission in 4 weeks as to the progress of the NYISO application.

Thanks,

Eric Brunhammer | President  
Inova Energy LLC  
166 Paddlers Point (#108) | Matamoras, PA 18336

Hello Eric,

Thank you for sending over the updated Certificate of Good Standing. To confirm, it has been received, and Inova Energy's application has been resent to Legal for their review/approval. Once I have legal approval, the application will be sent to the Credit department. I will let you know once that has occurred so that you can contact the Credit department to arrange to meet the collateral requirements.

If you have any questions in the meantime, please let us know.

Kind Regards,  
Jennifer

Hi Eric,

We are down to one last remaining item to complete your application, which is the Certificate of Good Standing. I did hear back from Legal today, and they indicated they do still want Inova Energy to provide an updated Certificate of Good Standing dated within the last 30 days before issuing approval of the application so they may ensure the organization is
