RE: Annual Asset Optimization Plans for Pittsburgh Water and Sewer Authority  
Docket Nos. M-2022-3031146 (water) and M-2022-3031147 (wastewater)

Dear Mr. Schultz:

On July 11, 2022, the Pittsburgh Water and Sewer Authority (PWSA) filed a letter with the Commission requesting an extension of time until October 6, 2022, to comply with the directives of the Commission in its May 27, 2022, Secretarial Letters (Sec Letters), captioned above. The Sec Letters, *inter alia*, rejected PWSA's Annual Asset Optimization Plans and directed that PWSA either file a petition for modification of its LTIIPs, or file new LTIIPs that superseded and replaced the remaining terms of the existing LTIIPs. The Sec Letters also noted that PWSA may as an alternative withdraw its LTIIPs. The Commission directed PWSA to act within sixty (60) days of the date of the Sec Letters, or July 26, 2022.

PWSA in its letter states that it will proceed with either filing petitions for modification of its LTIIPs or petitions for new LTIIPs. PWSA noted that in order to pursue either of these options, additional time is necessary to enable PWSA to comply with the Commission's directives and that the extension of the deadline better aligns with PWSA's internal planning processes to finalize an updated Capital Improvement Plan, which is anticipated to be completed at the end of September 2022.

The Commission hereby grants PWSA's request for a time extension until October 6, 2022, in the above-referenced matter. If you are dissatisfied with the resolution of this matter, you may, as set forth in 52 Pa. Code § 5.44, file a petition with the Commission within twenty (20) days after the date of this letter. Please direct any questions regarding this filing to Ken Shaffer, Bureau of Technical Utility Services, at [kennshaffe@pa.gov](mailto:kennshaffe@pa.gov), or (717) 787-2359.

Sincerely,

A handwritten signature in black ink, reading "Rosemary Chiavetta". The signature is written in a cursive style with a large initial "R".
