Re: Docket No. C-2020-3019763

Your Honor:

You now have deleted my Amended Exceptions, Motion for Reconsideration, and two prior letters relevant to the foregoing and my appeal. It is outrageous that you are substituting yourself for the Commissioners who should decide my appeal on the basis of the full record. By failing to convey the full record to the Commissioners, you are denying me an opportunity to rebut PPL's egregious falsehoods and abandoning the pretense of neutrality.

I should note, too, that earlier Judge Buckley not only arbitrarily, capriciously terminated trial testimony, but suppressed pleadings like my pretrial Memorandum, Motion for Reconsideration, Motion to Compel Discovery, and Preliminary Objections to PPL's Answer: these documents as well should be available for review by the Commissioners.

There are two sides to this dispute, but by limiting the evidence to PPL's point of view, you impermissibly are favoring PPL and making PUC itself part of the problem.

You will not be able to blunt or obscure these facts by accusing me of conducting *ex parte* communication with the Commissioners—effectively, the very problem that results when you assure that PPL is unchallenged. Contrary to your accusation, all of my pleading were served on PPL and openly posted on your Website before you deleted them.

In the future PPL may be a lucrative client for your consulting business, but

you should let the facts of this case speak for themselves without personally intruding in my appeal.

I still have yet to hear from you or from anyone else about the uncorrected July 20, 2021 transcript.

If I cannot get justice within PUC, I will have to explore my options outside of PUC.

Respectfully submitted,

/S/

Lawrence Kingsley, *Pro Se*
