RE: EXCEPTIONS

TO ALL PARTIES

As I read over Arlene Ashton conclusions -not- decision. It's disturbing the level of disregard afflicted upon complaints/ constituents from officers of the court, when evidence has been in fact submitted and labeled EXHIBITS in emails and supporting documents. In what way is there to prove the utility didn't accept payment? One has nothing from PGW supporting her conclusion only evidence that all instruments have been accepted, redeemed with the supporting memorandum of law unRepealed to my knowledge. She then went on to describe me being unable to access the documents during the hearing - - in which I was then able to access with no incident, they were in fact labeled exhibits.

Arlene Ashton went on to describe how the money order was insufficient several references to the amount tendered deflecting her own assertions, personal opinions or perceptions even stating one provided no evidence of authenticity, Which is a lie on its face .It has been and HONOR to learn about the war time TAX of 1.00 . . Its the duty of secretary to investigate these crimes of commerce . Out of respect for the code and upstanding defenders of law - - I wont site title sections or codes my value and time can not be tabulated. I respect the FACT Arlene Ashton admitted her ignorance of the uniform commercial code, which is hardly believable. The UCC has been adopted in whole or substantially by all states. Blacks 6th . Pennsylvania being the first state to adopt (July 1954). UCC3-104 (c), Spencer v. Sterling Bank, 63 Cal Ap. 4th 1055 (1998), Guaranty trust Co. Of NY v. Henwood et al, 307 U.S 247 (FN3) the within Negotiable instruments, Vol. III (including 2006 Supplement) on Undersigned UCC Contract Trust Account " The entire taxing and monetary systems are hereby placed under the UCC – Federal Tax Lien Act 1966 . One should ask has this been repealed Or house joint resolution 192 public law 73-10 among

others ?

Any information presented about Notes or tracking was Merely for the record to reflect PGW having received the money. Never once did I believe a Judge would openly try to disprove evidence. One even ended the call by quoting the secretary of the treasury in regards to sovereign bonds! For Arlene Ashton to attempt to dismiss this matter should in fact VOID our President most recent actions to cancel Student Loan debt . Which was not and act of grace but to Appease jealous , hired , educated idiots for crimes Continuously committed on the constituent and businesses. I pray she and ~~others~~ are not among them. It is a Privilege to come to learn and remain a student about our tax system cancellations of debt, notes, bonds, all forms of payment. Arlene Ashton and colleagues should become a student Of 31 US code 3123 among others. I'll end these Exceptions by quoting U.S Supreme Court in America, Communications Association v. Douds, 339 U.S 382, 442 " It is not the function of our government to keep the Citizen from falling into error; it is the function of the citizen to keep the Government from falling into error."

Being Articulate Is not a problem. One can talk for hours about money , justice history, case law . It is a love language coded in my Blood . When I read stories about the history of DOLLAR GENERAL and what happened over the court's inability to control directions, given by the Holy Spirit , I get Ignited with promise , hope and assurance of future designed for me unbiased with no racial motives to prevail. Secretary should be advised again PGW has not rejected any payment to date . I trust my accounts to be adjusted to reflect that in its due time.
