Re: Items 4.e and 4.f of Application for License to be a Electric Generation Supplier

Prior to the application that was denied PL&P was a new company with no operations of any kind.

After the denial PL&P began marketing and selling energy savings products to consumers such as:

Example of such Products are:

- Energy Savings bulbs,
- Solar Power Panels
- Rechargeable batteries.
- Rechargeable Fans,

In addition, to other energy savings products to both commercial and retail customers.

The business has been successful, therefore funding from Dan's Marketing Group is no longer necessary.

The initial confidential Application filing is incorrect and that any reference Dan's Marketing Group in Exhibit "B" or else where should be disregarded.
