Additional Supporting Information

1. Reasons for the proposed rate increase:

   This request is necessitated by the increase in the cost of operations due to 1) increased costs in supplies and services, and 2) upgrades to the Company's operations such as contracting a second operator and contracting a more robust and dependable testing laboratory.

2. Construction work in progress:

   The Company currently has no major construction projects in progress.

3. Wages and salaries details:

   The Company does not have employees. Rather, it contracts management services from Stoltzfus Enterprises, Ltd. for $3,800 per month plus office expenses such as postage. This rate will increase to $5,200 per month in 2023.

4. Scope of Operations:

   Elverson Water Co. was incorporated on August 2, 1989 and served its first customer on November 6, 1990.

   Currently, the Company serves a population of approximately of 2,400 persons in Elverson Borough and portions of East Nantmeal, West Nantmeal and Warwick Townships in Chester County, through 596 connections to homes and businesses, 53 fire hydrants and 3 sprinkler systems.

   The Company has 2 entry points delivering water from 5 groundwater source wells to its distribution mains, the vast majority of which are 8" ductile iron pipe. Before being delivered to the mains, the groundwater is treated with a hypochlorite solution as required by law for disinfection, and a caustic soda solution to prevent corrosion. NOTICE OF PROPOSED RATE INCREASE

To Our Customer: 10/28/22

Elverson Water Company (EWC) brought water service to our first customer in November of 1990, and now provides water to approximately 2,400 people through 596 connections to homes, businesses and institutions. We have enjoyed 32 years of service to the Elverson community.

EWC is filing a request with the Pennsylvania Public Utility Commission (PUC) to increase our service rates. Our last increase to base rates was in 2014, and we added the Pennvest Surcharge in 2019.

We propose to increase our base income by $41,031 per year to pay for the increased expense of our operations, largely due to the higher costs of supplies and services. However, we propose to decrease our income from the Pennvest Surcharge by $13,606 per year to reflect anticipated lower principal payments. Therefore, the proposed net increase in income is $27,425. This 9.88% increase of revenue is lower than the 15.68% cost-of-living increase for the 3-year period from June 2019 to June 2022 as calculated by the US Bureau of Labor Statistics' consumer price index.

Currently, our typical customer, a residence with a 0.75" connection, pays a fixed minimum charge of $13.80 per quarter, a consumption charge of $5.20 per 1,000 gallons, plus an additional 48.75% for the Pennvest Surcharge.

After the rate increase, that customer would pay a fixed minimum charge of $17.00 per quarter, a consumption charge of $6.30 per 1,000 gallons, plus an additional 34% for the Pennvest Surcharge.

Here are some examples…

The bill for a residential customer with a 0.75" connection using 4,500 gallons per quarter would increase from $55.34 to $60.77 per quarter or by 9.81%;

The bill for a residential customer with a 0.75" connection using 9,000 gallons per quarter would increase from $90.14 to $98.76 per quarter or by 9.56%;

The bill for a non-residential customer with a 2.00" connection using 180,000 gallons per quarter would increase from $1,503.86 to $1,645.52 per quarter or by 9.42%.

Should you desire to determine how the requested rate filing may affect your water bill, contact Elverson Water Company at 610-286-5115. The rates requested by EWC may be found in Supplement No. 11 to Tariff Water - Pa. P.U.C. No. 2. You may examine the material filed with the PUC which explains the details of the requested changes and the reasons for the same. A copy of this material is kept at Elverson Water Company, Inc.'s office.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1) You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in any hearings convened concerning the rate increase request. All complaints should be filed with the PUC before December 31, 2022. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2) You can send the PUC a letter stating your objections to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when we investigate the rate request.

   Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, PO Box 3265, Harrisburg PA 17105-3265.

3) You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given under oath becomes part of the official rate case record. These hearings are held in the service area of the company.
