

To whom it may concern,

Inova Energy, DOCKET NO. A-2021-3025116, was approved December 2, 2021, to supply power under Pike County Light and Power. Inova Energy is now applying to NYISO and not PJM. Under Pike County Light and Power, Inova Energy has to use NYISO and not PJM. Unlike PJM, NYISO requires that suppliers first receive either the PA PUC supplier license or NY PSC Supplier license before they apply to NYISO.

Just to let the commission know, Inova has received our NYISO membership and we have also funded our NYISO account.

Thanks,

Eric Brunhammer | President
Inova Energy LLC
