3. Please provide evidence of minimum of two-years’ experience with a licensed household goods carrier or the equivalent as required by 52 Pa. Code §3.381(c)(1)(iii)(A)(II)(-I-).

I am the Owner of *Moving By Cury, LLC* and we have been in business for over two years alone as an LLC. Prior to establishing this LLC my father before me previously owned and operated *Moving By Cury*. My ownership and experience with *Moving By Cury* combines to a total of over 15 years in the moving industry. We do not transport any household goods or property for customers ourselves; rather we provide the moving services and the customers provide their own vehicles. The majority of our work is labor-only services consisting of loading a truck, unloading a truck, packing, unpacking services and in-house moves. Our family has worked for almost 35 years now in providing the Lehigh Valley Area with exceptional, experienced and unmatched moving skills. My father, late mother, brothers, sister and I have worked countless years to earn us the reputation we have been awarded. Our evidence of “two-years’ experience with a licensed household goods carrier or the equivalent as required by 52 Pa. Code §3.381(c)(1)(iii)(A)(II)(-I-) falls within the equivalent guidelines.

The company is experienced in every phase of the moving industry and relocation process including:

- Ability to load furniture effectively on a truck to ensure safety of items and maximize efficiency of trucks volume and space.
- Ability to load and unload bulk item furniture in an effective and safe manner.
- Ability to safely pack glass items, fragile or breakable custom items, paintings, pictures, kitchen, dining room items and clothing in wardrobe boxes.
- Ability to prepare and move custom pieces for move such as piano’s, gun safes, pool tables, grandfather clocks and curio cabinets, etc.
- Ability to disassemble and reassemble all types of furniture such as bed sets, dresser mirrors, couches, china hutches and all other types of household furniture.
- Ability to utilize all types of moving equipment such as straps, moving blankets, 2-wheel dollies, 4-wheel dollies, tool equipment and all other moving lifting devices.

52 Pa. Code §3.381(c)(1)(iii)(A)(II)(-I-) explicitly states that you can also meet the requirement of evidence of minimum of two-years experience with a licensed household goods carrier with “the equivalent” moving experience which we do fall under from our tenure with our “moving services” performed for well over the two-year requirement. I’ll elaborate in the following paragraphs my experience and evidence to support my qualifications for authority under the PUC.

As I mentioned, I personally have over 15 years experience in the moving industry practicing the above skills. My two brothers who are now a part of our “moving services” and will continue if and with the blessing of the PUC for our authority as a household goods provider combine for over 20 years experience between the both of them. Majority of the current companies out there don’t currently have this combined experience with their entire staff. We have been immersed in the moving business since we were young men and I myself have guided several crews with loading, unloading, packing and

unpacking customers' households. We've specialized and been called in for many in-house moves. We've been called in to unload or load major tractor trailer loads being hauled across the country like Allied Van Line rigs and ABF tractor trailers. I've managed and/or completed over 2,000 moves since I got into this moving industry. I've also managed and/or completed close to 500 packing or unpacking jobs since I've been in the business. I've been able to keep and maintain lasting relationships with my customers and show our quality and experience in every facet of this business. There is not a job too small or too big for us or a circumstance we can not handle including but not limited to appliances, pool tables, pianos, gun safes, etc.

I am a graduate of The Pennsylvania State University where I studied Business and Tourism Management. I am also a licensed Pennsylvania Realtor. My fiance is also a graduate of The Pennsylvania State University and she obtained her Master's Degree at Cox College. She is a licensed Registered Dietician and owns her own business. She will be the one assisting me with the day-to-day operations of the business. She is very familiar with the scheduling, bookkeeping, technology programs and the rest of the office and clerical work needed to run as a household goods provider. We're both certainly very familiar with abiding by licensing regulations, continuing education and ethics training to keep our licenses active which is why we will have no issues keeping up with all the compliance and/or mandatory regulations the PUC and other moving industry requirements needed.

I believe my experience alone displays the background of one of the more active and tenured moving professionals in the area and the added dimension of my family strengthens our case. Our customers rave about us and since opening *Moving By Cury, LLC* we've not had to once open up a claim with our insurance provider. The majority of our business and if not all of our business is based on repeat and or referral business which speaks to our experience and professionalism. As a business owner my reputation is everything and being honest, professional, safe and providing unmatched customer service is instilled in our employees from day one. They understand that the customer is always right and we will do whatever we can to provide them with an experience that can't be matched. This is why I believe we are always called back or referred. I am committed to abiding by all state and federal regulations.

We instill safety and training for all of our employees when they start and the majority of the workers we have come with experience to begin with. We always exercise caution with moving items on the truck, in the house and making sure there is no damage ever done to a customer's furniture. We make sure we have all of our equipment up to date and that we're able to operate safely and efficiently to give the customers the best price and experience. I believe that by instilling all of the qualities and techniques in our employees that we're able to give the customers the best result. I'm an Owner/Operator for a reason and that is because I believe in showing my employees that I'm not afraid to do the hard work. They are learning from an experienced professional and I'm able to make sure they are doing the work right on the job because I'm present. I believe this is overlooked too many times because most of the owners, although experienced, are not out on the job sites with their men. That's how I learned first hand from my father and I believe in that form of service the same way. Our crew will have an Owner/Operator present and provide more of a complete service to the public. I believe I have outlined my experience under 52 Pa. Code §3.381(c)(1)(iii)(A)(II)(-I-) and it displays evidence of "the equivalent experience" determined for PUC authority. We kindly ask that the PUC grant operating authority as a "Motor Common Carrier of Household Goods in Use" in Pennsylvania to *Moving By Cury, LLC* and allow us to service the public with the best experience and professionalism as we have for many years.

4. Describe your facilities, record maintenance plan and your communication network. Please include a description of your physical location, to including office machines that will be utilized, and the facility to house vehicles. As a carrier of household goods in use, applicant should include a description of storage facilities, if applicable. Please include an explanation of your plan to maintain records required by the PUC, as well as normal business records. In regard to your communication network, please explain how you will receive customer requests for transportation, how you will dispatch the vehicles to fulfill the request, and how you will maintain continuous communication with your drivers.

Describe your facilities, and include a description of your physical location, including office machines that will be utilized, and the facility to house vehicles.

Our work facility is made up of our home office and our work facility lot to store and park our commercial vehicles and equipment. The home office and work facility lot details are noted below.

- The home office is made up of two business rooms with access for our customers.
- The home office will have a restroom and parking available to our customers.
- The home office will store some of our business supplies like tools, boxes, tape, straps, etc.
- The home office will house equipment such as computers, scanners, paper credit card processors etc.
- The work facility lot consists of a gated, video surveillance and secured space.
- The work facility lot consists of space for our employees to park their vehicles.
- The work facility lot consists of access for our customers to view where our trucks are stored.

As a carrier of household goods in use, applicant should include a description of storage facilities, if applicable.

- N/A. We DO NOT currently offer our customers any type of household goods storage.

Please include an explanation of your plan to maintain records required by the PUC, as well as normal business records.

- Our home office will house and maintain records required by the PUC, as well as any other normal business records. The records will be locked and secured in our home office to ensure customer privacy and confidentiality.
- We have ordered proprietary technology to store our clients information and this will include but not be limited to any receipts, estimates, moving log requests, and other business records.

In regard to your communication network, please explain how you will receive customer requests for transportation, how you will dispatch the vehicles to fulfill the request, and how you will maintain continuous communication with your drivers.

- Our customers' calls are answered promptly and swiftly. We have someone in the home office who will receive and communicate with potential customers. If our home office secretary is busy or on another call we have a call center as backup that will allow customers calls to be answered just as efficiently.
- Our home office secretary or call center will then take notes on our customers requests and begin to book an in person estimate to go over job details. We will confirm address and contact details to secure a time and date to meet.

- On our scheduled estimate we will take pictures and notes to give an accurate and detailed estimate. We will address any customer concerns on the estimate, as well.
- Finally, once a customer decides to move forward and we schedule appropriately we are in continuous communication with our employees from the date the customer is scheduled to the day they arrive to complete the job. We communicate via a work phone for any job related details.

5. Please state the number of drivers you intend to use or hire in your business and explain why that number of drivers is appropriate for the size of the territory you will be serving. In addition, please explain:

6 Employees

- 2 Truck Driver (and Movers) employees who have experience and a clean driving record.
- 3 Mover/Labor only employees who have experience and are fully trained with household goods moving experience.
- 1 Office employee who will handle calls, scheduling, paperwork and some estimates.

I believe the number of drivers and movers I intend to use or hire for our business will be appropriate for the size of the territory we will be servicing because we're only looking to operate or have 1 Box Truck to start and stick to what got us here which is our "Labor Only Services" including unloads/loads of trucks, packing and unpacking and in-house moving, etc. We plan to mainly service just the Lehigh Valley Area.

a. Your hiring standards for drivers;

- Must pass a Criminal Background Check and provide us with 2 References
- Must have at least 2 years experience driving trucks
- Must have a clean MVR Report
- Must possess ability to problem solve and work through problems
- Must demonstrate ability to engage with customers and have exceptional customer service

b. Your system for conducting criminal background checks;

- A Background Check will be conducted at the federal, state and county level for our applicants.
- A Background Check will require visits from our staff to local county courthouses to verify records.
- Background Checks are a very integral and vital step to ensure our standard operating procedures.

c. Your driver training program;

- Our drivers will undergo driver training videos and they will have to possess knowledge and competence by passing each program before entering the job field.
- Our drivers will also be locally trained and have to undergo field tests with our staff to show they're capable of performing the job safely and effectively. They will also undergo yearly training to ensure safety and compliance on the road.

d. Your system for conducting driver license checks;

- Driver License Checks will be conducted via our MVR Reports run for all potential new drivers. If and once they are approved by our staff they may be subject to random MVR Checks and any other requirements from our insurance carrier.

e. Your policies regarding alcohol and drug use by your drivers.

- Alcohol and Drug Use is strictly prohibited for all of our employees on the job or during normal business hours. We have a Zero-Tolerance Policy in effect for our employees when it comes to this rule.
- All Drivers will have to be cleared by their Dispatcher and/or Manager before leaving the work facility. No Driver's are allowed out on the road until that clearance is passed.

6. Please state the number of vehicles you plan to use in your business and why that number is appropriate to provide reasonable and efficient service to the territory you will be serving.

- 1 Commercial Box Truck to transport all moving customers' household goods.
- 1 Pickup Truck to accommodate transportation for any Mover's who don't fit in the Box Truck.
- 1 Car to accommodate any scheduled estimates or customer needs. We will use Car and Pickup Truck for transporting employees to a labor only job, packing/unpacking jobs and in-house moves.

The 3 Vehicles we will use to start our business locally will be sufficient to service the territory we're in for the time being. As we grow our customer base and hire employees we will purchase or lease another Box Truck. We are always looking for other ways to best service our customers' needs and provide the best quality of service. Please find attached vehicles we've already obtained for the business to date.

7. Describe your vehicle safety program. Please include the following in your explanation:

a. Your periodic vehicle maintenance plan

- Our periodic vehicle maintenance plan will consist of checking the vehicle(s) 3 times per day; first we will check the vehicle before the crew is dispatched to job, secondly our driver will conduct an assessment midday or after lunch and lastly when the job is completed for the day and before the driver leaves for the day.
- We will conduct a monthly maintenance check from a licensed and certified auto-mechanic which we have in close proximity to our work facility where trucks will be stored.
- We will abide by and follow best vehicle maintenance plan practices as required.

b. Your system for ensuring your vehicles will continuously comply with applicable Pennsylvania

vehicle equipment standards (67 Pa. Code, Chapter 175).

- We will conduct routine vehicle inspections outlined by a detailed checklist from our licensed and certified auto-mechanic.
- We will comply with and ensure all of our vehicles are continuously in line with all applicable Pennsylvania vehicle equipment standards (67 Pa. Code, Chapter 175).

10. Financial Data. Complete the “Statement of Financial Position”, which follows this page. Please feel free to also provide additional information explaining why you believe you have sufficient funds to ensure your transportation business can provide reliable service to the public in a safe manner.

- “Statement of Financial Position” completed in Section 10. We believe we have sufficient funds to ensure our transportation business can provide reliable service to the public in a safe manner for multiple reasons. To start, we have no liabilities because we can pay for a newer Box Truck with cash or if we decide to go with a Box Truck Lease for the first year we will use about half of the cash assets. In that time we will have made some revenue from the business that we should in theory be in the positive. All assets of the business are owned outright with no payments including the warranties and insurances for the year so there are currently no liabilities. I believe we are in a much better financial position to start our first year with PUC Authority than many other new moving businesses starting out.
