Re: Bonding Requirements

Dear Frontline Power Solutions, LLC

PECO is aware that Frontline Power Solutions, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application Frontline Power Solutions, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Frontline Power Solutions, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that Frontline Power Solutions, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Frontline Power Solutions, LLC or the creditworthiness requirement for PECO's exposure to Frontline Power Solutions, LLC changes in the future, PECO reserves the right to require Frontline Power Solutions, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Wanda Rucker at wanda.rucker@exeloncorp.com.

Respectfully submitted,

Dear John Holmes:

We are pleased that Frontline Power Solutions LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Frontline Power Solutions LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Frontline Power Solutions LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Frontline Power Solutions LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Frontline Power Solutions LLC changes in the future, Columbia Gas might deem it appropriate to require Frontline Power Solutions LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Application to Serve as a Natural Gas Broker**

Dear Mr. Holmes,

Based on your assertion that Frontline Power Solutions, LLC (“Frontline”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Frontline will not need to post security with UGIU. This is based on the declaration that Frontline will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Frontline wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

Dear Mr. Holmes:

We are pleased that Frontline Power Solutions LLC has applied for a license to provide natural gas services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, and Peoples Gas Company LLC (formerly Peoples TWP) ("the Companies").

Since Frontline Power Solutions LLC is not currently serving customers on the Peoples systems, we have determined at this time that Frontline Power Solutions LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Frontline Power Solutions LLC provision of services on the Peoples' system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

Sincerely,

Carol Scanlon
