RE: Security Requirement Bond for **Frontline Power Solutions, LLC**

Dear Mr. Holmes,

Philadelphia Gas Works ("PGW") is aware that **Frontline Power Solutions, LLC** has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, **Frontline Power Solutions, LLC** must furnish acceptable security to each utility where **Frontline Power Solutions, LLC** will do business. As such, under its tariff, Philadelphia Gas Works could require **Frontline Power Solutions, LLC** to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that **Frontline Power Solutions, LLC** intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services **Frontline Power Solutions, LLC** will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, **Frontline Power Solutions, LLC** does not need to post a bond or other form of security to operate in its service territory. If the services provided by **Frontline Power Solutions, LLC** should change, Philadelphia Gas Works reserves the right to require security from **Frontline Power Solutions, LLC** as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

A handwritten signature in blue ink that reads 'J. C. Zuk'.

Sr. Vice President, Gas Management
