J. Corman Railroad Company/ Luzerne & Susquehanna Railway Company located in the City of Wilkes Barre, Luzerne County.

To Whom It May Concern:

By application filed with the Commission on November 7, 2022, PPL Electric Utilities Corporation (PPL) seeks Commission approval to alter the public crossing (DOT 361 582 C) by the installation of a replacement utility pole structure where Blackman Street (State Route 2005) crosses, above grade, the track of Luzerne County Redevelopment Authority, operated thereon by R. J. Corman Railroad Company/ Luzerne & Susquehanna Railway Company located in the City of Wilkes Barre, Luzerne County.

PPL will install a replacement utility pole located within the highway right-of-way and transfer the existing attached aerial facilities to the new pole. The existing aerial facilities to be transferred span above the joint right-of-way of the public crossing. While transferring the existing aerial facilities, PPL proposes to raise its neutral cable to a height of 42-feet 9-inches, with the installation providing a minimum vertical clearance of 35-feet 11-inches as measured from the top of rail.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL states that the proposed installation is necessary to provide adequate, efficient, and reasonable communication facilities and power to the public in Luzerne County and surrounding areas. PPL will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the replacement utility pole and its transferred aerial facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$20,000.

All work is to be performed in accordance with the plan entitled: "EXHIBIT A" consisting of one (1) sheet submitted to the Commission with the application.

PPL served a copy of the application and plan on Luzerne County, the City of Wilkes Barre, R. J. Corman Railroad Company/ Luzerne & Susquehanna Railway Company, the Pennsylvania Department of Transportation, CTSI (Frontier), Service Electric Cablevision, and ION Holdco (First Light). All parties of record were queried by letter dated November 10, 2022, sent via email as to any objection to the subject application and plan. None of the parties have responded with any objection to the subject application or plan.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission has waived certain regulatory service provisions as directed by the Commission's Order at M-2021-3028321. Currently, while the Commission's physical facilities are open for business, some of the operational restraints occasioned by the pandemic remain. It is evident that the pandemic and its changing nature require certain procedural flexibility for the public, the regulated community, and the Commission. Toward this end, the Commission will continue to permit electronic service by the Commission on all parties, regardless of whether a particular party has agreed to electronic service. An exception to this general waiver is where the Public Utility Code requires service by specified means, e.g., Section 702. Additionally, service on Commission staff in proceedings pending before it, whether staff is a party or otherwise, shall be exclusively electronic unless the parties agree otherwise. Filings must be submitted by e-filing with the Secretary of the Commission by opening an e-filing account through the Commission's website and accepting eservice at <https://www.puc.pa.gov/filing-resources/efiling/>. If your filing contains confidential material, you are required to file by overnight delivery to ensure the timely filing of your submission.

If you are dissatisfied with the resolution of this matter, you may, as set forth in 52 Pa. Code §§ 1.31 and 5.44, file a Petition for Reconsideration from Staff Action (Petition) with the Commission within twenty (20) days of the date of this letter. The Petition shall be submitted by e-filing said petition within twenty (20) days, or if no timely request is made, the action will be deemed to be a final action of the Commission.
