**RE: Distribution System Improvement Charge
Effective January 1, 2023
M-2022-3037293**

Dear Mr. Berry:

The Bureau of Audits has reviewed Philadelphia Gas Works' quarterly Distribution System Improvement Charge (DSIC) filing submitted on December 16, 2022. In the filing, the company is not proposing to revise its currently effective DSIC rate of 7.50%.

Based upon staff review, it appears that the DSIC rate for the three-month period of January 1, 2023 through March 31, 2023 is consistent with the tariff and, accordingly, is permitted to become effective as filed.

The DSIC is subject to continuous Commission review and audit as well as reconciliation reports in accordance with Section 1307(e) of the Public Utility Code, 66 Pa.C.S. § 1307(e).

Any subsequent submissions to the Commission related to this docketed case should reference Docket No. M-2022-3037293.

Sincerely,

A handwritten signature in black ink that reads 'Rosemary Chiavetta'. The signature is written in a cursive, flowing style.
