PENNSYLVANIA
AMERICAN WATER
NOTICE OF PROPOSED RATE CHANGES

Dear Customer:

Pennsylvania American Water has filed a request with the Pennsylvania Public Utility Commission (PUC) that may change your wastewater rates as of March 31, 2023. This notice describes the company's rate request, the PUC's role, and what actions you can take.

RATE REQUEST

Pennsylvania American Water has requested an overall rate decrease of \$10,635 per year. If the company's entire request is approved, the typical wastewater bill for a commercial customer in Upper Pottsgrove using 23,870 gallons per month who has elected the metered option would decrease from \$770 to \$623 per month or by 19%.

Based on your usage level, the change to your bill may be different from the amount shown above. **To find out more about how the request might affect your wastewater bill, please contact Pennsylvania American Water's Director of Rates and Regulatory, Stacey Gress, at 856-955-4479.** You can also find the rates requested by Pennsylvania American Water in Supplement No. 44 on our website at www.pennsylvaniaamwater.com. Under the Customer Service menu, select "Your Water and Wastewater Rates." You can also review the material filed with the PUC at our office at 852 Wesley Drive, Mechanicsburg, PA 17055. In addition, you can request that we mail you a copy of Pennsylvania American Water's Statement of Reasons, which is a plain language summary of why we are requesting the rate change.

PUC ROLE

The state agency that approves rates for regulated public utilities is the PUC. The PUC will review and investigate the requested rate change. Pennsylvania American Water must prove that the requested rates are reasonable. After examining the evidence, the PUC might grant all, some, or none of the request, or it might reduce existing rates. **As a result, the final effect on your bill might be different than the company's request.**

ACTIONS YOU CAN TAKE

There are three ways to challenge a company's request to change its rates:

- 1. Send a letter to the PUC.** You can tell the PUC why you object to the requested rate increase in your letter. You can also tell the PUC about any other concerns you have about the company. This information can be helpful when the PUC investigates the rate request. Send your letter to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.
- 2. Attend or present testimony at a PUC public input hearing.** You can attend or be a witness at a PUC public hearing. The PUC holds public input hearings if it opens an investigation of Pennsylvania American Water's rate request and if there is enough interest in the case. At these hearings, you can present your views to the PUC judge and to company representatives. Testimony under oath becomes part of the rate case record. The PUC holds these hearings in the service area of the company. For more information, call the PUC at 1-800-692-7380.
- 3. File a formal complaint.** If you want to be a party to the case, you must file a formal complaint. You then have an opportunity to take part in all the hearings about the rate increase request. You can receive copies of all materials distributed by the other parties. Formal complaints should be filed with the PUC before March 31, 2023. If no one files a formal complaint, the Commission may grant all, some or none of the request without holding a hearing before a PUC judge. You can request a formal complaint form by writing to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265, or by going to its website at www.puc.state.pa.us.
