This agreement of sale (the "Agreement") is made this 8<sup>th</sup> day of November, in the year 2022 ("Effective Date") by and between Spring City Borough (The "Borough"), Chester County, Commonwealth of Pennsylvania, and PECO Energy Company (the "Company"), a Pennsylvania Corporation with offices located at 2301 Market Street, Philadelphia, Pennsylvania 19103, acting by and through its agent, Exelon Business Services Company. DAS

**NOW, THEREFORE**, in consideration of the mutual covenants, representations, warranties and agreements hereinafter set forth, and intending to be legally bound hereby, the Parties agree as follows:

1. For the Purchase Price (as defined below) and subject to the terms and conditions herein, the Company agrees to sell to the Borough, and the Borough agrees to purchase from the Company the Street Lighting Facilities.

2. The Company will sell and transfer all of its rights, title and interest in and to its existing street lighting facilities presently located on dedicated streets and highways and on municipal property situated in the Borough and more particularly described on Exhibit A attached hereto (the "Street Lighting Facilities"). The Street Lighting Facilities consist of the following: (i) One Hundred Ninety-Four (194) street light luminaires, existing conductors extending from the luminaries to the Company's secondary wires in the case of aerial fed lights; (ii) One Hundred Ninety-Four (194) street light brackets; and (iii) Zero (0) poles.

6. Electric service for the Street Lighting Facilities has been provided pursuant to Tariff rate SL-S. Upon the Effective Date, service will be provided pursuant to Tariff rate SL-E. **BEFORE THE PENNSYLVANIA PUBLIC UTILITY COMMISSION**  
**PECO ENERGY COMPANY**  
**DOCKET NO: A-2023-**

- 1- State whether or not the sale, lease or transfer of the property will affirmatively promote the service, accommodation, convenience or safety of the public in some substantial way. Explain.

**The transfer will affirmatively promote the service, accommodation, convenience or safety of the public by relieving PECO (and therefore ratepayers) from the ownership and maintenance costs of the subject street lights. In addition, the Borough of Spring City will realize a cost savings by switching from PECO's Street Lighting – Suburban Counties Rate ("Rate SL-S) to the Street Lighting Customer-Owned Facilities Rate ("Rate SL-E").**

- 2- State the reason for the sale, lease or transfer of property.

**The transfer relieves PECO of the ownership and maintenance costs of the subject Assets. The Borough of Spring City also will realize a cost savings by switching from Rate SL-S to Rate SL-E.**

- 3- State the alternatives that PECO has considered to the prospective sale, lease or transfer.

**PECO did not consider any alternatives to this sale because the only alternative would be for PECO to continue owning and maintaining the street lights and The Borough of Spring City expressed its desire to take over the ownership and maintenance responsibilities from PECO.**

- 4- State whether or not the sale, lease or transfer of this property will result in an interruption or curtailment of existing services to the public. Explain.

**The sale will not result in an interruption or curtailment of existing services to the public.**

- 5- State whether or not the sale, lease or transfer of this property will result in either a staff reduction or a termination of some portion of PECO's operation. Explain.

**The sale will not result in either a staff reduction or a termination of any of PECO's operations.**

- 6- State whether or not the sale, lease or transfer of this property will result in a physical relocation of the main office, branch office or service office of PECO.

**The sale will not result in the relocation of any of PECO's offices.**

- 7- State whether or not the sale of this property will require the acquisition of replacement property. If replacement is required, state the cost and description of the property to be acquired.

**This sale will not require the acquisition of any replacement property.**

- 8- State whether or not PECO anticipates or has reason to believe that it will be necessary to seek a rate increase in order to withstand the financial impact of the transaction that is the subject of these interrogatories. Explain.

**PECO does not anticipate or believe that it will be necessary to seek a rate increase to withstand the financial impact of the sale.**

- 9- State whether or not the property has been part of a rate case that has appeared before the PUC. If it has been, identify the case by Commission docket number and date.

**The assets were a part of PECO's Electric Distribution Rate Case (Docket No. R-2021-3024601) approved by the Commission in November 2021 for rates effective on January 1, 2022.**

- 10- State whether or not the property is the subject of a state or federal proceeding. If it is, identify the proceeding and explain.

**PECO's Electric Distribution Rate Case (Docket No. R-2021-3024601) approved by the Commission in November 2021 for rates effective on January 1, 2022. The property is not the subject of any other state or federal proceedings.**

- 11- State whether the property is to be sold at a price above or below its fair market value as determined by at least two appraisals and a third review appraisal with the three appraisals being performed by qualified independent real estate appraisers; if the property is stock, indicate the book value and current market value of the shares involved.

**Because this sale did not involve the transfer of real estate property, PECO did not obtain any appraisals. The sale price was PECO's original cost less depreciation reserve.**

12- State the facilities' original cost, original depreciated cost, present day cost, and present-day depreciated cost.

**For the original cost of the subject Assets, please see Attachment B of PECO's February 15, 2023 Application. PECO did not consider the present day cost or the present day depreciated cost in this sale. Instead, it used the original cost less depreciation reserve, which is incorporated in the "Reserve Ratio" contained in Attachment B of PECO's February 15, 2023 Application.**

13- Was the sale price the result of arms-length negotiations? Explain.

**The sales price was the result of arms-length negotiations. The price was set at the original cost less depreciation reserve.**

14- State the net profit or loss to be realized by PECO from the sale, lease or transfer of this property after the following factors have been taken into consideration.

- a. Date and cost of acquisition;
- b. Cost of improvements;
- c. Allowance for depreciation;
- d. Brokerage fees and commissions;
- e. Tax consequences of the sale;
- f. Recording fees, transfer taxes, and similar expenses incidental to conveying such property;
- g. Penalty costs and other charges for prepayment of any pre-existing recorded mortgage encumbering such property; and

17- State the effect that the sale will have on PECO's short range or long-range plans for expanding or upgrading any of the services that PECO is now offering to the public.

**PECO does not foresee any impact to its short or long-range plans for expanding or upgrading any services that PECO is currently offering to the public.**

18- State what portion of the original cost of the property being transferred represents material cost, and what portion represents installation cost.

**The original cost mostly represents material costs.**
