

Formal Complaint - Hodgson & Knox, DocketNumber
C-2023-3037646

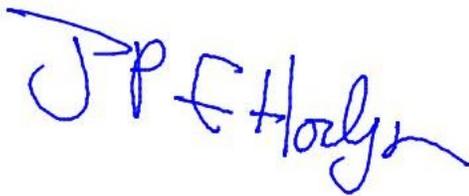

1. In as much as Peco has sought to withdraw its petition for consolidation in this matter we are opposed to the withdrawal.

2. Further in regard to Peco's response to our original complaint we submit the following.

- i A reasonable and prudent person would comply with the borough's ordinances on tree management;
- ii A reasonable and prudent person would make an environmental impact study;
- iii A reasonable and prudent person would asses the impact on water runoff.

The PUC can reasonably require Peco to comply with the obligations cited above.
