Data Request

1. Please provide clarification of your intended area of operation. In order for this Commission to accept an application for further processing, the proposed service area must be fully bound, and easily discernible. This may be achieved by the use of municipal boundaries, roads, railroads, or natural boundaries such as rivers and streams, etc. You have indicated an interest in statewide operations; however, you indicate only one location and one vehicle. As stated, your request is unfeasible. Please limit your request ONLY to the regions in which you wish to ORIGINATE service from.

Examples:

- a. between points in the counties of X, Y, and Z.
- b. from points in the counties of X, Y, and Z, to points in Pennsylvania, and return. (This allows you to originate service in those points and travel throughout the state and return. This also allows you to operate between the named points.)

Please note that this Commission does not have jurisdiction over interstate transportation and to do so you will have to apply for Federal authority.

2. Your provided answer to question 5 is inadequate/incomplete. You are expected to provide a plan that satisfies the requirements of 52 Pa Code. You are directed to fully review the following chapters of 52 Pa Code and to provide a summarization of your revised and compliant plan for drivers.
 - § 29.503. Age restrictions.
 - § 29.504. Driver history
 - § 29.505. Criminal history.
