Dear Mary Nolan:

Thank you for visiting PGW's website.

PGW has received your application for service. Our records indicate that an Automatic Meter Reading (AMR) Device is installed at your property. Therefore, PGW is not required to gain access to your premise to turn on service. The AMR device will provide us with an accurate meter reading. Gas service will begin effective the move-in date you provided on your electronic application.

If you should have any questions regarding your application for service, please contact PGW at 215-235-2050.

EXPLANATION OF TERMS

BUDGET PLAN – This plan is available to all residential customers who are not in arrears. It spreads your payments over a 12 month plan. You may start the Budget Plan at any time. To do so, or for more information, call 215-235-1000 or visit any of our Customer Service Centers.

CCF - 100 cubic feet of gas. This is a measure of gas usage. **DEKATHERMS (DTH)** - A measure of the heat content value of gas. Gas usage is determined by multiplying the MCF used by the heat content value of the gas. One DTH equals approximately nine hundred seventy cubic feet. **MCF** - 1,000 cubic feet of gas.

COMMODITY CHARGE – The charge for basic gas supply service which is sold either by volume (ccf or mcf) or heating value (dekatherms).

CUSTOMER CHARGE – A monthly charge to cover NGDC costs such as maintaining the lines, meter reading and billing.

DISTRIBUTION CHARGES – The charge for delivery of natural gas from the city gate to the consumer.

GAS COST ADJUSTMENT – Amount billed or credited each month to account for differences between projected and actual gas supply costs of the Natural Gas Distribution Company.

METER READING INFORMATION – PGW shall use its best effort to obtain an actual meter reading regularly, and at least every six months for customers without automatic meter reading devices. When the meter is not read, we estimate your gas use. To avoid estimates, you may read your own meter and tell us the reading by calling 215-235-2050 at any time. We also offer stamped, pre-addressed post cards, which you can use to send us your meter reading by the specified date. To request a supply of these cards, call 215-235-2050, or write us at P.O. Box 3500, Philadelphia, PA 19122.

NATURAL GAS DISTRIBUTION COMPANY (NGDC) – A state regulated natural gas utility which owns the gas lines and equipment necessary to deliver natural gas to the consumer.

PAYMENT AGREEMENT PLANS – If you are behind and cannot pay your full bill, PGW offers special payment plans. Call our Collection Department at 215-235-1777 or visit any of our Customer Service Centers.

STATE SALES TAX – An approximate amount of your bill that is used to pay taxes to the Commonwealth of Pennsylvania.

WEATHER NORMALIZATION ADJUSTMENT (WNA) – An adjustment approved by the Pennsylvania Public Utility Commission as a way to help PGW stabilize its income and operate more efficiently within its budget during the heating season.

NATURAL GAS SUPPLIER

If you have selected a Natural Gas Supplier other than PGW, the Natural Gas Supplier is responsible for the billing of Natural Gas Supplier charges, unless your charges are consolidated on your PGW bill. PGW will bill for gas delivery according to the tariff for your rate class. Commodity prices and charges are set by the Natural Gas Supplier you have chosen. The Public Utility Commission regulates the distribution prices and services.

RIGHTS & OBLIGATIONS

A summary of your rights and obligations as a PGW customer will be made available upon request. A Rate Schedule and an explanation of how to verify the accuracy of a bill and an explanation of the various charges will be made available upon request.

Electronic Check Recovery Authorization

When you pay by check, preauthorized bank draft, ACH, or by a telephone authorized transaction you expressly authorized PGW, if your check is dishonored or returned for any reason, to electronically debit your account for the amount of the check plus a processing fee not to exceed the state maximum legal limit (plus all applicable sales tax). The use of a check for payment is your acknowledgement of this policy and its terms.

Dear Mary J Nolan,

On April 20, 2022, a dispute with was filed with Philadelphia Gas Works (PGW) regarding the bills for this account. In your dispute, you stated that the bill is not correct and the balance is wrong since no one resides at the premise and everything is off.

An investigation of your dispute has been completed and it was determined that the bill in question is correct as rendered. The meter at your property is equipped with an Automatic Meter Reading (AMR) device. This device allows PGW to obtain the actual usage recording at your meter without having to gain access into the property. The property address of 2973 Tilton Street Street is listed as a residential heating account. Although, it was indicated that the property was vacant, the appliances such as the water heater and house heater work by thermostat setting. The heater will turn on every time the temperature in the residence falls below the thermostat set temperature. This will occur regardless of the occupancy in the residence. If the gas appliances were not shut off completely at the unit there will be consumption recording on the meter. As a result, we would suggest that if you are not using any of the appliances that you discontinue the service there and/or have a licensed contractor check the thermostat setting on your appliances and make sure the appliances are functioning efficiently.

If you would like to test the accuracy of the meter, a Special Meter Test can be requested by submitting a request and payment in the amount of \$10.00 to:

**PGW Special Meter Test
P.O. Box 37019
Philadelphia, PA 19122**

If you decide to get the meter tested you will be contacted once PGW receives you're your payment and request for a meter test.

A gas usage analysis which analyzes your consumption was also completed and indicates that you are currently using 5.9 cubic feet of gas per day. Since you recently established service at this property, you may not be familiar with the cost associated with the gas usage there.

PGW's positon is that the bill is accurate.

To assist you in your review of our findings we are including the following documents:

Philadelphia Gas Works

800 W. Montgomery Ave., Philadelphia, PA 19122

1. A statement of account
2. Usage Analysis
3. Utility Report

PGW does offer tips on how to conserve energy and possibly reduce future bills. To learn more, please visit our PGW EnergySense website at www.pgwenergysense.com and click on energy sense for homeowners.

Please be advised that as of June 3, 2022, your account will become delinquent and subject to collection action. To avoid collection activity, you can pay the bill in full or contact us to determine if you are eligible for a payment agreement.

Sincerely,

Mrs. S. Morrison

Re: Ac#0000 6834 7642
2973 Tilton Street
Philadelphia, Pa.

Dear Mary J. Nolan,

On September 09, 2022, you contacted us and issued a dispute regarding the official closing date of September 11, 2022. In your dispute you stated: that you had requested a closing bill prior to September 11, 2022, for the premise 2973 Tilton Street. In addition, you stated that the premise is unoccupied.

A review of our records does not indicate that we received a request from you to cancel your service at 2973 Tilton Street. The account in your name at that location was closed effective September 11, 2022. This is the date when an official request for a closing bill was received and issued. PGW's tariff requires that a customer must provide at least seven (7) days notice prior to the date the service is to be cancelled.

PGW Tariff (5.5.A) Notice of discontinuance: Except where the provisions of the Utility Service Tenants Rights Act apply, the Customer is required to give the Company at least seven days' notice to discontinue the supply of Gas specifying the date on which it is desired that service be discontinued. In absence of notice, the Customer shall be responsible for services rendered.

To assist you in your review of our findings we are including the following documents:

1. A statement of account
2. Sections of PGW Tariff
3. Dispute options

Our records indicate that the premise has not transmitted gas usage since May 27, 2022. Since the account was still active, the account was billed for the basic billing charges for \$17.30, per month until the account was finalized.

Philadelphia Gas Works

800 W. Montgomery Ave., Philadelphia, PA 19122
Telephone: 215-787-1288

Generally, we would offer a payment arrangement for the number of months equal to the amount of time the gas was being used. However, your account has been finalized.

Sincerely,

Mr. Soto
