Dear Secretary Chiavetta,

North East Heat & Light Company ("NEHL") implemented its Frost Patrol plan between November 2021 and April 2022, as required by the Commission Order M-2011-2271982, dated December 22, 2011. There was one leak on steel main, one leak on wrought iron main, two steel service lines, and a leak on steel lube valve discovered by NEHL during the Frost Patrol.

The leak on the steel main is classified as Grade 3 and being monitored. The leak on the wrought iron main and the two service lines was replaced by Medium Density Polyethylene pipe. The steel lube valve was replaced with Medium Density Polyethylene full port valve.

If you have any questions regarding this report, please contact NEHL at (814) 725-4302.

Sincerely,

Shawn A Hubbard
