Re: Pennsylvania Public Utility Commission,
Bureau of Investigation and Enforcement v.
Donegal Construction Corp.
Docket No. C-2023-
Formal Complaint (Damage Prevention)

Dear Secretary Chiavetta:

Enclosed for electronic filing please find the Complaint in the above-referenced case on behalf of the Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission. Copies have been served on the parties of record in accordance with the Certificate of Service.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Myers', written in a cursive style.

Kourtney L. Myers
Prosecutor
PA Attorney ID No. 316494
(717) 705-4366
komyers@pa.gov

Enclosure

cc: Per Certificate of Service

NOTICE

A. You must file an Answer within 20 days of the date of service of this Complaint.

The date of service is the date as indicated at the top of the Secretarial Letter. *See* 52 Pa. Code §1.56(a). The Answer must raise all factual and legal arguments that you wish to claim in your defense, include the docket number of this Complaint, and be verified. You may file your Answer by mailing an original to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
400 North Street
Harrisburg, PA 17120

Or, you may eFile your Answer using the Commission's website at www.puc.pa.gov. The link to eFiling is located under the Filing & Resources tab on the homepage. If your Answer is 250 pages or less, you are not required to file a paper copy. If your Answer exceeds 250 pages, you must file a paper copy with the Secretary's Bureau.

Additionally, please serve a copy on:

Kourtney L. Myers, Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
400 North Street
Harrisburg, PA 17210
komyers@pa.gov

B. If you fail to answer this Complaint within 20 days, the Bureau of Investigation and Enforcement will request that the Commission issue an Order imposing the requested relief.

C. You may elect not to contest this Complaint by paying the administrative penalty within 20 days. Send only a certified check or money order made payable to the "Commonwealth of Pennsylvania," with the docket number indicated, and mail to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
400 North Street
Harrisburg, PA 17120

D. If you file an Answer which either admits or fails to deny the allegations of the Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order imposing the requested relief set forth in this Complaint.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The Judge is not bound by the penalty set forth in the Complaint and may impose additional and/or alternative penalties as appropriate.

F. If you are a corporation, you must be represented by legal counsel. 52 Pa. Code § 1.21.

G. Alternative formats of this material are available for persons with disabilities by contacting the Commission's ADA Coordinator at 717-787-8714.

**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

Pennsylvania Public Utility Commission,	:	
Bureau of Investigation and Enforcement	:	
	:	
v.	:	Docket No. C-2023-
	:	
Donegal Construction Corp.	:	

FORMAL COMPLAINT

NOW COMES the Bureau of Investigation and Enforcement (“I&E”) of the Pennsylvania Public Utility Commission (“Commission”), by its prosecuting attorneys, and files this Damage Prevention Complaint (“Complaint”) against Donegal Construction Corp. (“Respondent” or “Donegal Construction”), pursuant to Sections 182.8(c)-(d) and 182.10 of the Underground Utility Line Protection Law, Act of October 30, 2017, P.L.806, No. 50 (hereinafter referred to as the “PA One Call Law”), 73 P.S. §§ 182.8(c)-(d) and 182.10.¹ In support of its Complaint, I&E respectfully represents the following:

I. COMMISSION JURISDICTION AND AUTHORITY

1. The Pennsylvania Public Utility Commission, with a mailing address of 400 North Street, Harrisburg, PA 17120, is a duly constituted agency of the Commonwealth of Pennsylvania empowered to, *inter alia*, enforce compliance by stakeholders pursuant to Section 182.10 of the PA One Call Law, 73 P.S. § 182.10.

¹ The purpose of the PA One Call Law is to protect the public health and safety by preventing excavation or demolition work from damaging underground lines used in providing electricity, communication, gas, propane, oil delivery, oil product delivery, sewage, water or other service; imposing duties upon the providers of such service and persons and other entities preparing drawings or performing excavation or demolition work; and prescribing penalties.

2. Complainant is the Commission's Bureau of Investigation and Enforcement, which is the bureau established to take enforcement actions against public utilities and other entities subject to the Commission's jurisdiction pursuant to 66 Pa.C.S. § 308.2(a)(11); *See also Implementation of Act 129 of 2008; Organization of Bureaus and Offices*, Docket No. M-2008-2071852 (Order entered August 11, 2011) (delegating authority to initiate proceedings that are prosecutory in nature to I&E), including actions to enforce compliance of the PA One Call Law.

3. Complainant is represented by:

Kourtney L. Myers
Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
400 North Street
Harrisburg, PA 17120
(717) 783-6150
komyers@pa.gov

Michael L. Swindler
Deputy Chief Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
400 North Street
Harrisburg, PA 17120

4. Respondent is Donegal Construction Corp. with a main mailing address of P.O. Box 450, New Stanton, PA 15672.

5. Respondent is an “excavator” as that term is defined at 73 P.S. § 176 as it “performs excavation or demolition work for [itself] or for another person.”

6. “Excavation work” is defined as “the use of powered equipment or explosives in the movement of earth, rock or other material, and includes, but is not limited to, anchoring, augering, backfilling, blasting, boring, digging, ditching, drilling, driving-in, grading, plowing-in, pulling-in, ripping, scraping, trenching and tunneling.” 73 P.S. § 176.

7. “Powered equipment” is defined as “any equipment energized by an engine or motor and used in excavation or demolition work.” 73 P.S. § 176.

8. “Complex project” is defined as “an excavation that involves more work than properly can be described in a single locate request or any project designated as such by the excavator or facility owner as a consequence of its complexity or its potential to cause significant disruption to lines or facilities and the public, including excavations that require scheduling locates over an extended time frame.” 73 P.S. § 176.

9. “Locate request” is defined as “a communication between an excavator . . . and the One Call System in which a request for locating facilities is processed . . . The maximum geographic area has been set at 1000’ or Intersection to Intersection, whichever is greater, along the same street, within the same political subdivision.” 73 P.S. § 176.

10. The Common Ground Alliance’s Best Practices defines “large/complex project” as “a single project, or a series of repetitive, small, short-term projects that are related in scope, that impact facilities over a long period of time or a large area.”

11. “Facility owner” is defined as “the public utility or agency, political subdivision, municipality, authority . . . which owns or operates a line.” 73 P.S. § 176.

12. A “line” or “facility” is defined as “an underground pipe used in carrying, gathering, transporting or providing natural or artificial gas . . . to one or more transportation carriers, consumers or customers of such service and the appurtenances thereto, regardless of whether such line or structure is located on land owned by a person or public agency or whether it is located within an easement or right-of-way.” 73 P.S. § 176.

13. Respondent, as an excavator, is subject to the power and authority of this Commission pursuant to Section 182.10 of the PA One Call Law, 73 P.S. § 182.10, which requires project owners to comply with the PA One Call Law.

14. Sections 182.8(c)-(d) and 182.10 of the PA One Call Law, 73 P.S. §§ 182.8(c)-(d) and 182.10, authorize the Commission to, *inter alia*, hear and determine complaints, arising from the rejection of an informal determination made by the Pennsylvania Damage Prevention Committee, against excavators for violations of the PA One Call Law and enforce the provisions of the PA One Call Law.

15. Section 182.10(a) of the PA One Call Law, 73 P.S. § 182.10(a), authorizes the Commission to impose administrative penalties on excavators who violate the PA One Call Law. Section 182.10(b)(1)(i)-(ii) allows for the imposition of an administrative penalty not to exceed \$2,500 for each violation or if the violation results in injury, death, or property damage of \$25,000 or more, an administrative penalty not to exceed \$50,000.

16. Pursuant to the provisions of the applicable Commonwealth statutes, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

II. FACTUAL BACKGROUND

17. On May 7, 2020, Donegal Construction placed thirteen (13), separate excavation routine tickets (“routine tickets”) with the Pennsylvania One Call System (“POCS”) at POCS Serial Nos. 20201282383, 20201282393, 20201282401, 20201282415, 20201282419, 20201282434, 20201282440, 20201282449, 20201282479, 20201282488, 20201282497, 20201282510, and 20201282519 to conduct excavations with powered equipment in North Huntingdon Township, Westmoreland County, Pennsylvania. The routine tickets and responses thereto are attached as I&E Exhibits 1A-M.

18. The street-identified work sites in the thirteen (13) routine tickets are related in scope as they adjoin one another and span a large, geographic area of more than 1,000 feet cumulatively,² meeting the definition of a complex project. *See* I&E Exhibits 1A-M.

19. Donegal Construction did not place a complex project ticket with the POCS regarding the adjoining work sites.

20. On May 8, 2020, in response to the voluminous number of individual, routine tickets, the Municipal Authority of Westmoreland County (“MAWC”), a facility

² For example, in the routine ticket at POCS Serial No. 20201282383 alone, Respondent describes the extent of the excavation as “25 x 1,392 ft.” *See* I&E Exhibit 1A.

owner, responded through the POCS “REQUESTS MEETING, DIRECT CONTACT TO FOLLOW BY FACILITY OWNER” to meet with Respondent and request additional time to locate and mark its underground facilities at the adjoining work sites. *See* I&E Exhibits 1A-M.

21. MAWC also submitted an Alleged Violation Report (“AVR”) with the POCS in response to the voluminous number of individual, routine tickets, pursuant to 73 P.S. § 177(10). MAWC’s AVR is attached hereto as I&E Exhibit 2.

22. The purpose of an AVR is to report to the Commission, through the POCS, an alleged violation of the PA One Call Law that occurred in association with excavation or demolition work. *See* 73 P.S. §§ 176 and 177(10).

23. In its AVR, MAWC stated that during the meeting with Donegal Construction on May 11, 2020, MAWC proposed to complete the markout of its underground facilities at the adjoining work sites by May 15, 2020, but that Respondent stated that milling³ had already begun and would be completed in two (2) days. When MAWC again requested that milling be postponed until the completion of its markouts, Respondent declined. *See* I&E Exhibit 2.

24. MAWC further stated in its AVR that “[w]hen an excavator fails to establish a complex project for these multiple locations it puts undue stress on the workload of a facility owner's locator and often times causes unnecessary overtime costs

³ Pavement “milling” is the process of removing at least part of the surface of a paved area with powered equipment.

in cases where the facility owner must perform this locate work to close the ticket within the required time frame or risk being fined for failure to do so.” *See* I&E Exhibit 2.

25. Donegal Construction did not schedule and conduct a preconstruction meeting with all the facility owners with underground facilities at the adjoining work sites prior to the commencement of excavation at the adjoining work sites.

26. Respondent did not take reasonable steps to work with the facility owners with underground facilities at the adjoining work sites, specifically, MAWC, so that such facility owners could locate their facilities at a time reasonably in advance of the actual start of excavation work for each phase of the work. *See* I&E Exhibit 2.

27. Donegal Construction did not give notice to the facility owners with underground facilities at the adjoining work sites, by way of the thirteen (13) routine tickets, that Respondent did not believe that a preconstruction meeting was necessary. *See* I&E Exhibits 1A-M.

III. VIOLATIONS

28. Paragraphs 1-27 above are incorporated herein as if stated in their entirety.

29. Respondent, in a complex project, failed to take reasonable steps to work with facility owners, so that such facility owners could locate their facilities at a time reasonably in advance of the actual start of excavation for each phase of the work in that when MAWC requested additional time to complete the markouts of its underground facilities at the adjoining work sites, Respondent declined.

If proven, this is a violation of Section 180(3) of the PA One Call Law, 73 P.S. § 180(3), requiring an excavator in a complex project “to take reasonable steps to work

with facility owners, including scheduling and conducting a preconstruction meeting, so that they may locate their facilities at a time reasonably in advance of the actual start of excavation . . . for each phase of the work.” 73 P.S. § 180(3).

30. Respondent, in a complex project, did not give notice to the facility owners that Respondent did not believe that a preconstruction meeting was necessary in that Respondent failed to notify facility owners with underground facilities at the adjoining work sites, by way of the thirteen (13) routine tickets, that it did not believe that a preconstruction meeting was necessary.

If proven, this is a violation of Section 180(3) of the PA One Call Law, 73 P.S. § 180(3), requiring an excavator in a complex project that “does not believe that a preconstruction meeting is necessary under the circumstances of this clause [to] indicate such belief in its notice.” 73 P.S. § 180(3).

Pursuant to the factors set forth in Section 182.10(b)(2)(i)-(vi) of the PA One Call Law, 73 P.S. § 182.10(b)(2)(i)-(vi), the Bureau of Investigation and Enforcement’s proposed administrative penalty for this violation is Five Hundred Dollars (\$500) per count.

WHEREFORE, the Bureau of Investigation and Enforcement of the

Pennsylvania Public Utility Commission respectfully requests that the Commission:

- (a) Find Respondent to be in violation of the PA One Call Law at Section 180(3), 73 P.S. § 180(3) (two counts);
- (b) Impose a total administrative penalty upon Respondent in the amount of One Thousand Dollars (\$1,000);
- (c) Order Respondent to attend compliance training with the POCS; and
- (d) Order such other remedies as the Commission may deem appropriate.

Respectfully submitted,

Kourtney L. Myers
Prosecutor

Event Impact

Did Violation result in underground damage or near miss event? Other

OSHA Report Filed? Yes No

OSHA Report Number

Was 911 called? Yes No

Name of 911 Caller

Fire Response Yes No

Police Response Yes No

Did the incident cause any injuries? Yes

Number of Injuries (?)

Did the incident cause any deaths? Yes

Number of Deaths

Was there an evacuation? Yes No

Number of people evacuated?

Traffic Stopped? Yes No

Service Interrupted? Yes No

Duration of Service Interruption?

Exact Value of Service Interruption

Approximately how many customers were affected?

Exact Number of Customers Affected

Cost of Damaged Line Repair?

Exact Cost of Damaged Line Repair

Was other property damaged? Yes No

What other property was damaged?

Cost of Other Property Repair

Locator/Locate Information

Who was the facility line locator? Employee Locator

Locator Company

Contact First Name Karl Last Name Shellgren

Address P.O. Box 730

City Greensburg

State Pa

Zip 15601

Email rkelvington@mawc.org Phone 724-755-5826

Was the line marked? Accurately Inaccurately/Incompletely Not Marked
 Unknown

Were facilities marked according to APWA/CGA temporary marking color code (ANSI standard Z535.1)? Yes No Unknown

What types of marks were present? Paint
 Flags
 Stakes
 Other

Were offset markings used? Yes No Unknown

Condition of Marks Readily Visible

Was the line marked by the response due date or within the agreed upon locate schedule? (?) Yes No Unknown

Reason for Late Locate

Was the excavation within the tolerance zone? (?) Yes No Unknown

Was there an indication of underground facilities (clear evidence) in the excavation area? Yes No Unknown

What was the evidence? (meter/pedestal, pipeline marker, valve box, hydrant, manhole, etc.) curb boxes, valves

What method(s) were used to locate the facility? Electronic Visual Records Exposed

Did the excavator request payment under PennDOT Form 408 specifications for extra work performed on a force account basis? Yes No

Additional Locate Comments If this incident involved any locating/markings errors, please include all records related to the locator's training and qualification (including training to meet UULPL standards as well as Operator Qualification).

Summary and Attachments

Provide a summary of the event

Excavator called in thirteen (13) separate routine dig notices at thirteen (13) separate work sites for a single project without calling in a complex project ticket.

The MAWC requested a meeting and the contractor met with us online on Monday, May 11th. The MAWC agreed to begin marking the water lines in accordance with the order of work that Donegal emailed to us. MAWC offered to complete the marks by Friday, May 15th. Donegal Construction stated that they had already begun milling on Tara Drive and that they would complete all milling in 2 days. MAWC asked that they postpone until marks could be completed. But donegal declined and did not offer any other accommodation but to say that they have not had any utility conflict problems in the past with milling. MAWC warned them that not all valve lids are readily visible.

When an excavator fails to establish a complex project for these multiple locations it puts undue stress on the workload of a facility owner's locator and often times causes unnecessary overtime costs in cases where the facility owner must perform this locate work to close the ticket within the required time frame or risk being fined for failure to do so.

If more space is needed, attach additional pages or documents.
