Reference: Act 537 Plan Compliance -Towamencin Township, Montgomery County

Dear Mr. Kraynik:

Towamencin Township sewer system serves Towamencin Township and portions of Franconia Township, Hatfield Township, Lansdale Borough, Upper Gwynedd Township, Worcester Township and Lower Salford Township. The wastewater from the service area is processed at the Towamencin Municipal Authority's 6.5 million gallon per day wastewater treatment plant located in Towamencin Township.

The overall Towamencin Township Act 537 service area was last amended by the diversion of some flows from a portion of Upper Gwynedd Township served by Towamencin to Upper Gwynedd Township, as approved by PADEP in September 2017. The planned flow diversion project was completed in October of 2021. Also subsequent to 2017 PADEP approved Act 537 Plan, PADEP has issued approximately ten Act 537 planning approvals for various land developments and sewer connections throughout the sewer service area.

The Township remains generally compliant with its current Act 537 plan.

Sincerely,

William K. Dingman, P.E.
