Alfredo Caraballo vs PPL electric utilities corporation.
Docket No. C-2023-3040988.

Dear Secretary,

I am including here a statement regarding your latest correspondence from the attorneys of PPL in my case. It is my desire that PUC hear every aspect of my complaint so that it maybe able to apply a resolution to my concerns. I would like the PUC to be aware of the damage that PPL did when they disconnected my house from the electrical grid without any notification whatsoever.

It is my desire that the PUC be aware that the damages not only include the content of my immediate refrigerator but the damage to over \$3000 worth of medications much of which payed for by the state of Pennsylvania. I am requesting that the PUC court require PPL, in all such future emergencies respond with the presense of first responders before any such "disconnections" occur. First responders being the fire Marshal or ambulance services in the case where the person in the premises, such as I, be disabled. I am requesting that PPL Be responsible for paying for such services. I am requesting that the court order PPL to have these authorities present in the future of any such emergency. Therefore I am requesting that the PUC Be allowed to explore every aspect of this complaint including the damages. whether or not the court can award damage is irrelevant. the PUC should be aware of the damages conducted by PPL on the population of Pennsylvania. Therefore I'm requesting that my case be heard in every respect by the PUC Court.

Truly Yours
