RE: Security Requirement Bond for Bakey Energy Consulting

Dear Mr. Bakey,

Philadelphia Gas Works ("PGW") is aware that Bakey Energy Consulting has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Bakey Energy Consulting must furnish acceptable security to each utility where Bakey Energy Consulting will do business. As such, under its tariff, Philadelphia Gas Works could require Bakey Energy Consulting to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Bakey Energy Consulting intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Bakey Energy Consulting will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Bakey Energy Consulting does not need to post a bond or other form of security to operate in its service territory. If the services provided by Bakey Energy Consulting should change, Philadelphia Gas Works reserves the right to require security from Bakey Energy Consulting as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

A handwritten signature in cursive script that reads "John C. Zuk".

Hi Andrew,

As mentioned previously, we do require upper management approval for the Broker Letter. I know we are awaiting that signature. Because you have mentioned that your company will solely be operating as a Broker, no surety amount is required at this time. Again, this is pending the signature of the Broker Letter.

Thanks.
