Re: Bonding Requirements

Dear Natures Current LLC:

PECO is aware that Natures Current LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application Natures Current LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Natures Current LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that Natures Current LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Natures Current LLC or the creditworthiness requirement for PECO's exposure to Natures Current LLC changes in the future, PECO reserves the right to require Natures Current LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Wanda Rucker at wanda.rucker@exeloncorp.com.

Respectfully submitted,

Dear Shawn Jefremow:

We are pleased that Natures Current LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Natures Current LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Natures Current LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Natures Current LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Natures Current LLC changes in the future, Columbia Gas might deem it appropriate to require Natures Current LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

RE: Security Requirement Bond for Natures Current, LLC

Dear Shawn Jefremow,

Philadelphia Gas Works ("PGW") is aware that Natures Current, LLC, has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Natures Current, LLC must furnish acceptable security to each utility where Natures Current, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Natures Current, LLC, to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Natures Current, LLC, intends only to provide natural gas aggregating, brokering, and consulting services at this time. You have stated that in performing these services Natures Current, LLC, will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time Natures Current, LLC, does not need to post a bond or other form of security to operate in its service territory. If the services provided by Natures Current, LLC, should change, Philadelphia Gas Works reserves the right to require security from Natures Current, LLC, as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

John C Zuk (Aug 17, 2023 12:09 EDT)

**RE: Natures Current LLC
Application to Serve as a Natural Gas Broker**

Dear Mr. Jefremow,

Based on your assertion that Natures Current LLC (“Natures Current”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Natures Current will not need to post security with UGIU. This is based on the declaration that Natures Current will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Natures Current wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Dear Mr. Jefremow:

We are pleased that Natures Current LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Division and Peoples Gas Division (formerly Peoples TWP).

Since Natures Current LLC is not currently serving customers on the Peoples systems, we have determined at this time that Natures Current LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Natures Current LLC's provision of services on the Peoples' system changes in the future, the Company may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.
