A-2023-3041616

TO ALL PARTIES OF RECORD

Application of Crown Castle Fiber for approval of the alteration of the crossing where State Route 2029 (St. Johns Church Road) crosses, at grade, track of Norfolk Southern Railway Company (DOT 517 937 M) by the installation of an underground fiber optic cable in Hampden Township, Cumberland County.

To Whom It May Concern:

By application received by the Commission on June 16, 2023, and revised on July 25, 2023, Crown Castle Fiber seeks Commission approval to alter the at-grade crossing (DOT 517 937 M) by the installation of an underground fiber optic cable where State Route (SR) 2029 crosses, at grade, track of Norfolk Southern Railway Company, located in Hampden Township, Cumberland County.

The new underground fiber optic line will consist of a 2-inch HDPE pipe encasing 48 count fiber optic cable and tracer wire. The proposed fiber optic facilities will be located underground along the northbound travel lane of SR 2029 (St Johns Church Road). The fiber optic cable will be installed by underground bore. The fiber optic line will have approximately 15 feet of cover from the top of the pipe to the bottom of the track.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Crown Castle Fiber states that the proposed replacement is necessary to provide efficient and reasonable communication facilities to the public in the County and the surrounding areas. Crown Castle Fiber will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the underground fiber optic facilities, at its sole cost and expense. The cost of the project is anticipated to be \$15,000.

All work is to be performed in accordance with the sketch plan entitled: "NORFOLK SOUTHERN PERMIT" consisting of two (2) sheets submitted to the Commission on July 25, 2023.

Crown Castle Fiber has served a copy of the application and plan on Cumberland County, PPL, Verizon PA, Comcast Cablevision, Mechanicsburg Borough, Level 3 Communications LLC, Pennsylvania American Water, Qwest Communications, UGI Utilities, Inc., Norfolk Southern Railway Company, and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated July 25, 2023, sent via email as to any objection to the subject application and plans. On August 4, 2023, UGI Utilities Inc. filed an objection to the application due to their facilities not being shown accurately on the plans, however the objection was withdrawn on August 24, 2023, upon their review of the revised plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.

The application of Crown Castle Fiber, is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. Hampden Township be added as a party of record to this case.
3. The crossing where State Route 2029 (St. Johns Church Road) crosses, at grade, a single track of Norfolk Southern Railway Company (DOT 517 937 M) in Hampden Township, Cumberland County be altered generally in accordance with the sketch plan entitled: "NORFOLK SOUTHERN PERMIT" consisting of two (2) sheets submitted to the Commission on July 25, 2023; which plans are made part hereof and is hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
4. Crown Castle Fiber, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by the installation of underground fiber optic facilities within the right-of-way of the highway where State Route 2029 (St. Johns Church Road) crosses, at grade, a single track of Norfolk Southern Railway Company, all in accordance with the approved plan and this Secretarial Letter.
5. Crown Castle Fiber, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.

6. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility, other than Crown Castle Fiber incidental to the alteration of the crossing, be made by said public utility at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility, at its sole cost and expense.

7. Norfolk Southern Railway Company, at the sole cost and expense of Crown Castle Fiber, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

8. Crown Castle Fiber, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plan and this Secretarial Letter.

9. The alteration of the crossing be completed on or before September 30, 2024, and that on or before said date Crown Castle Fiber, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plan and this Secretarial Letter.

10. Crown Castle Fiber, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

11. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

12. Crown Castle Fiber cooperate with the non-carrier utilities involved, so that during the alteration of the subject crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

13. Crown Castle Fiber, at least seven (7) days prior to the start of work, notify all parties in interest of the actual date on which work will begin.

14. Upon completion of the alteration of the crossing, Crown Castle Fiber, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain the fiber optic facilities and any ancillary facilities installed in accordance with the approved plan and this Secretarial Letter.

15. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at its sole cost and expense, furnish all material and perform all work necessary to maintain its railroad facilities, including the warning devices and all appurtenant equipment; and maintain at all times in a smooth and satisfactory condition the asphalt crossing surface at the subject crossing to points 24-inches beyond each outside rail and provide Hampden Township and the Pennsylvania Department of Transportation, at least ten (10) business days advance notice when performing any work as directed by this paragraph.

16. Upon completion of the alteration of the crossing, the Pennsylvania Department of Transportation, at its sole cost and expense, furnish all material and do all work necessary thereafter to maintain its highway approach roadways of the subject crossing up 24-inches beyond each outside rail and, maintain the grade crossing advance warning signs, stop lines and pavement markings, if required, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter and provide Norfolk Southern Railway Company at least ten (10) business days advance notice when performing any work as directed under this paragraph.

17. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

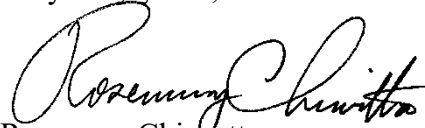

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered.
