Re: Proposed rulemaking updating Chapter 59 of the Pennsylvania Public Utility Commission's regulations (52 Pa. Code) to encompass "Hazardous Liquid Public Utility Safety Standards."; Docket No. L-2019-3010267 **SUNOCO PIPELINE L.P. RESPONSES TO LAW BUREAU DATA REQUESTS, SET 1 AND LETTER PETITION FOR PROTECTIVE ORDER TREATMENT; *Contains Confidential Security Information not subject to disclosure to third parties under the provisions and procedures specified in The Public Utility Confidential Security Information Disclosure Protection Act (35 P.S. §§2141.1 to 2141.6) and the PUC's regulations implementing such Act at 52 Pa. Code §§102.1 -102.4.***

Dear Mr. Young:

Enclosed in this Letter Petition are Sunoco Pipeline L.P.'s Responses to Data Requests, Set 1, of the Law Bureau of the Pennsylvania Public Utility Commission in the above-referenced matter.

Please note that the information in this filing is **Confidential Security Information** not subject to disclosure to third parties under the provisions and procedures specified in The Public Utility Confidential Security Information Disclosure Protection Act (35 P.S. §§2141.1 to 2141.6) and the PUC's regulations implementing such Act at 52 Pa. Code §§ 102.1 -102.4, as it contains technical and operational details that the disclosure of which would compromise security against sabotage or criminal or terrorist acts and the nondisclosure of which is necessary for the protection of life, safety, public property and public utility facilities.

These responses also include competitively and commercially sensitive information and trade secrets that are considered proprietary and are not subject to public disclosure under the Right-to-Know Law, 65 P.S. § 67.101 - 67.3104. Sunoco Pipeline L.P. requests in this Letter Petition that such information not be disclosed pursuant to 52 Pa. Code § 5.365(b) as the disclosure of this information would cause Sunoco Pipeline L.P. unfair economic and competitive damage and result in substantial harm to its business operations.

Accordingly, Sunoco Pipeline L.P. is providing these responses through a secured Sharefile link with limited access under the same procedures in place between the Gas Safety Division of the Commission's Bureau of Investigation and Enforcement (I&E) and SPLP. Additionally, only this letter will be filed with the Secretary's Bureau.

If you have any questions, please direct them to counsel, not individuals providing responses.

Very truly yours,

/s/ Whitney E. Snyder
