RE: Sheena Clark v. Phila. Gas Works

Dear Secretary:
Rosemary Chiavetta:

I (Sheena Clark) am very
dissatisfied with PGW's Answer
to deny all relief and asking
to have my UESF grant dismissed,
which makes no sense at all,
because that grant takes
care of the entire Bill in
question.

1. On July 2, 2023 UESF
approved me for \$1499.99 (TO GAS CO.)
as long as I paid the PGW
current Meter READ
charges, that came in. I honored
that, every time.

2. I discussed with PGW

Supervisor that I did not accept the easy way plan, while waiting on VESF release of funds

3. After VESF release of funds, I do intend to enroll in Easyway plan

4. The current charges for Oct 6, 2023 are \$41.73 not \$405.54 I've asked PGW to adjust this

5. I was deemed eligible for this grant, and I respectfully,

ask the commission to approve

all relief requested in my complaint, especially my needed grant, in favor of myself

Sheena Clark as deemed appropriate

Sheena Clark
Thank you

G.I. also was puzzled
by A High Bill of APROXIMATELY
\$615.00 That came in
ON FEB. 2023, BECAUSE,
ALL BILLS That came in ON
The MONTHS Before
WERE Less Than \$175.00
I ran into trouble with
That Bill, and eventually
went to seek help from
UESF grant.
