Re: UGI Utilities, Inc. – Results of Request for Proposals Process  
Proposal for the Fall 2023 GSR-1 Full Requirements and Block RFP

Dear Ms. Colaizzi:

On October 3, 2023, UGI Utilities, Inc. (UGI) filed the results of its Request for Proposals (RFP) Process and Rules for the Fall 2023 Solicitation for provider of last resort service. The filing includes proposed bid results for a 12-month full requirements power RFP for Residential and Small Commercial and Industrial customers who receive default service from UGI during the period of December 1, 2023 through November 30, 2024. The filing also includes proposed bid results for a Block power RFP for Residential and Small Commercial and Industrial customers who receive default service from UGI during the 6-month period December 1, 2023 through May 31, 2024.

This filing was submitted in accordance with UGI's Default Service Plan IV RFP Process and Rules filed on May 26, 2020, as part of a Joint Petition for Settlement. The RFP Process and Rules were approved as modified by the Settlement in the Commission's Order, entered January 14, 2021, at Docket No. P-2020-3019907.

UGI requests that the Commission approve the bid results of the Fall 2023 Solicitation on or before October 4, 2023.

Further investigation does not appear to be warranted at this time, since the results of the Fall 2023 Solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we direct UGI to disclose the results of this Fall 2023 Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010 at Docket No. M-2009-2082042.

Please direct any questions to Debra Backer, Energy Supervisor, Bureau of Technical Utility Services, at (717) 783-9787.

Sincerely,

A handwritten signature in black ink, appearing to read "Rosemary Chiavetta". The signature is written in a cursive style with a large initial "R" and "C".
