PPL Electric Utilities Corporation 2023-2027 USECP

RE: PPL Electric Utilities Corporation October 3, 2023 Compliance Filing

Overview

On February 9, 2023, the Pennsylvania Public Utility Commission (Commission) entered an Order (February 2023 Order) directing PPL Electric Utilities Corporation (PPL) to, *inter alia*, file and serve a revised OnTrack¹ application, educational materials, and recertification letters at Docket No. M-2022-3031727 within six months from the date of the February 2023 Order. The Commission also directed PPL to file and serve status updates at this docket when changes to its 2023-2027 Universal Service and Energy Conservation Plan (2023 USECP) approved or directed in the February 2023 Order are implemented. February 2023 Order at 40, OP #6(c), OP #10, OP #19.

On August 9, 2023, PPL filed its revised OnTrack application, as well as a revised OnTrack application cover letter, revised OnTrack recertification letter, revised OnTrack budget billing recertification letter, and a revised brochure and flier explaining the changes to the OnTrack program (August 9 Compliance Filing). The August 9 Compliance Filing also stated that PPL was prepared to fully implement the 2023 USECP beginning August 9, 2023. To date, no protests or other responsive pleadings have been filed relative to the August 9 Compliance Filing.

The Commission's Bureau of Consumer Services (BCS) reviewed the August 9 Compliance Filing and found that PPL's statement on implementing changes did not satisfy the Commission's directive in the February 2023 Order to provide status updates. On September 13, 2023, BCS issued a Secretarial Letter directing PPL to file a status update on when each change approved or directed in the February 2023 Order was implemented.

On October 3, 2023, PPL filed its response to the September 13, 2023 Secretarial Letter stating that all changes were implemented on August 9, 2023 (October 3 Compliance Filing). To date, no protests or other responsive pleadings have been filed relative to the October 3 Compliance Filing.

Conclusion

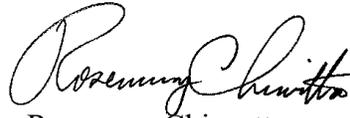

BCS finds the status update in PPL's October 3 Compliance Filing to be consistent with the directive in the February 2023 Order and the September 13, 2023 Secretarial Letter.

¹ OnTrack is PPL's customer assistance program (CAP).

Accordingly, there are no further compliance issues related to the February 2023 Order. These staff determinations relative to the review of the October 3 Compliance Filing will be deemed to be the final action of the Commission unless reconsideration is sought from the Commission within 20 days after service of this Secretarial Letter. *See* 52 Pa. Code § 5.44 (relating to petitions for appeal from actions of the staff).
