To Whom It May Concern:

By application received by the Commission on September 11, 2023, PPL Electric Utilities Corporation (PPL) seeks Commission approval to alter the at-grade crossing (DOT 361 447 J) by the replacement of a utility pole within the public right of way where Sissock Drive (T-466) crosses a single track of Reading Blue Mountain and Northern Railroad (RBMN), in Hazle Township, Luzerne County.

The new pole will replace an existing pole located on the east side of the crossing. The utility lines on the new line will provide a minimum vertical clearance of 22 feet from the top of rail to the new cable.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL states that the proposed pole replacement is necessary to provide adequate, efficient, and reasonable communication facilities and power to the public of Luzerne County and surrounding areas. PPL will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the utility pole, at its sole cost and expense. The cost of the project is anticipated to be \$5,000.

All work is to be performed in accordance with the plans entitled: "EAST HAZLETON 41-03 RECONDUCTOR" consisting of a single sheet submitted to the Commission with the application.

PPL has served a copy of the application and plan on Luzerne County, Hazle Township, Reading Blue Mountain and Northern Railroad, Verizon and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated September 28, 2023, sent via email as to any objection to the subject application and plans.
