Dear Frank,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Renodis ER, LLC (RER) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, RER must furnish acceptable security to each utility where RER will do business. As such, under its tariff, NFGDC could require RER to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that RER intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, RER will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, RER does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by RER change in the future, NFGDC reserves the right to require security from RER as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Nicole Barker
