Frank A. Serafini

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
Commonwealth Keystone Building
400 North Street, Second Floor
Harrisburg, PA 17120

Dear Secretary Chiavetta,

Enclosed is a copy of my bills paid to the Lackawanna River Basin Sewer Authority. It has come to my attention that the dramatic increase in our sewer bills could possibly be the result of the PAWC which operates the Scranton Sewer System billing the Lackawanna River Basin Sewer Authority for the processing of the Sewage coming from a Small Portion of Alpine Drive located in the Moosic Area.

The fee is based on water consumption which does not eliminate the water used to fill pools, sprinklers and the power washing of our homes. The water for such use goes into the ground or streams adjacent to the property.

It has also come to my attention by State Representative (deceased) Gaynor Cawley that during period of heavy infiltration due to storm water and excessive rain the Sewer authority bypasses treatment and flushes directly into the Stream. Unfortunately, Gaynor's video of the incident he observed was on his phone which no longer exists but I assume the Sewer Processing Facility is well aware of this.

The solution to this problem is simple. We can be switched to the Lower Lackawanna Sewer Authority and be back on our reasonable sewer rates.

Being Retired has presented an undo burden on many residents who are forced to have their Sewerage treated by the city of Scranton Sewer Plant and charged by the Lackawanna River Basin Sewer Authority.

Cordially Yours

Frank A. Serafini
